K. Ray and J. V. Holt To Contest Reeveship In Monday's Election

All Other Municipal Offices
Filled By Acclamation —
Polls Open 10 a.m. to 7 p.m.

Subsequent to the annual Nomination meeting held Monday night, Stirling will have an election only for the office of Reeve on Monday next, December 7th. Members of Council, Public School Board and Hydro Commissioner were given acclamation. Council will have one new member, Bert Jones, who will fill a vacancy created by the decision of R. K. West to retire from office. Likewise the Public School Board with Graham Mouch replacing Glen Whitehead who retired.

There will be a new member of the Stirling Public Utilities Commission with R. L. Hatton replacing Harold Wells, who has been taking a part in municipal affairs for some sixteen years.

Nominations

With a large attendance of ratepayers, including several ladies, Clerk F. R. Mallory accepted nominations for the various offices and acted as chairman for the general meeting which followed.

Following are the nominations:

For Reeve — J. V. Holt, K. Ray

and W. J. Morton

For Council — C. Bateman, W. J. Morton, H. R. Tompkins, R. K. West and Bert Jones.

Public School Board — Mrs. R. Luery, R. D. Cooke, Graham Mouch and Glen Whitehead.

For Public Utilities — J. V. Holt, R. L. Hatton and H. J. Wells.

Reeve Ray

Reeve Kenneth Ray was the first speaker and after expressing his gratitude at the large attendance gave a brief outline of the accomplishments of Council in the past year. Referring to the sewerage project, he stated it was regrettable that the first contractor, Sherk Construction, had failed, causing a delay in the job completion. Extensions to the original contract had been procured on Church, Edward and Emily Streets and would be paid for out of money procured from the Provincial and Dominion Governments for winter employment. He explained the sale of the playground on Church St. to the High School Area for \$1500 and the purchase of property from Harry Jones and Mrs. H. David to replace it.

The purchase of a Village truck for work on the streets and collection of garbage had worked out satisfactorily, stated the Reeve. He also announced that the County would continue the construction of the Ridge Road into the Village to meet with Highway No. 14. The village had one relief account for a former resident residing in Oshawa. Front St. West will be levelled by the sewerage contractor, stated the Reeve. He also expressed the regret of the Village at the loss of the former Medical Officer of Health, Dr. E. A. Carleton.

He was willing to serve as Reeve another year and asked the ratepayers for their support.

Councillor R. K. West, chairman of streets, stated the committee worked on a \$5,000 budget, but no large amount was spent due to the sewerage project under way. Ten tons of chloride had been purchased for use as a dust allayer. He invited questions from the audience and announced his retirement from municipal politics.

Councillor Carl Bateman, chairman of the cemetery committee, stated the cemetery trust fund had \$26,336.00, an amount which was invested at a very favourable rate of interest. He gave Mrs. A. Elliott credit for collecting a considerable sum in back payments for lot care and promoting perpetuity payments. He outlined the difficulties in procuring manual labour for digging graves and thought some consideration must soon be given to pur-

Attend Presbytery

Rev. K. J. Rooney and Mr. Harper Rollins of St. Andrew's Presbyterian Church and Rev. Crook, Gore Street, attended a meeting of Kingston Presbytery held in St. Andrew's Church, Belleville, on Tuesday.

Winner of Truck

Mrs. M. Myers, Mill St., was the winner of the large toy transport truck in the Bick's pickle contest at Livesey's Red & White store last week.

Minor Hockey Organized

Douglas R. Patterson, third vice-president of the Ontario Minor Hockey Association, convened a district meeting at the Stirling Legion Hall on Monday night. The purpose of the meeting was to organize the district extending from Bancroft on the north to Wellington on the south and Northwood on the west to Madoc on the east. Albert Watkins, of Peterboro, second vice president of the O.M.H.A., was also present.

There were over sixty-five in attendance and forty-nine teams were registered in the Bantam, Midget and Juvenile groups in the area.

chasing a small mechanical digger. Considerable work was needed to straighten up leaning tombstones. A new cemetery sign had been erected at a cost of \$100.

Councillors H. R. Tompkins, chairman of property, and W. J. Morton, chairman of parks, and a member of the streets committee, also spoke outlining the work of their committees. Councillor Morton declined his nomination as Reeve and expressed his willingness to serve as Councillor. J. V. Holt reminded his listeners that the tax rate in Stirling was not high in comparison with neighbouring municipalities. He was prepared to serve the Village as Reeve and asked the support of the electors.

Bert Jones, a nominee for Council, accepted the nomination.

School Board

Ray Mallory, chairman of the Public School Board, stated the Board had a good year, with a decrease in expenditures. In closing he outlined some problems facing the Board.

Mrs. Robt. Luery, R. D. Cooke and Graham Mouch, nominees for the Board, also spoke.

Public Utilities

H. J. Wells, chairman of the Public Utilities Commission, paid tribute to F. A. Sprentall, manager, for the great contribution he had made to the Village. In the past five years hydro consumption in the village had jumped from 700 h.p. to 1200 and it was estimated the new substation would handle the load for the next five years. He made some comparison in rates with another municipality and stated Stirling had among the lowest rates.

Turning to water consumption he stated in July 2,624,000 gallons were pumped with a daily average of 84,645 gallons. It was expected the present source of supply would be adequate for at least five years.

He outlined several projects to be completed next year, rebuilding of the Front Street line and the laying of 2 to 3 thousand feet of watermain on the Frankford Road.

R. L. Hatton, nominee, stated he was willing to serve on the commission.

R. A. Patterson moved a vote of appreciation to the various municipal bodies and the large audience joined in a round of applause.

The meeting adjourned, followed by the National Anthem.

A happy time was enjoyed on Wednesday evening, November 25th, when Mr. and Mrs. Robert Reid and three children, Mr. and Mrs. Harold Stapley and two children, Miss Joyce Stapley and Mr. and Mrs. Sam Stapley and two children gathered at the home of their parents, Mr. and Mrs. Nelson Stapley, Madoc Junction, for a surprise dinner party.

It was the occasion of Mr. and Mrs. Nelson Stapley's 45th wedding anniversary. Another son, Mr. Garnet Stapley, Mrs. Stapley and children, of North Bay, were unable to be present, but telephoned their congratulations.

During the evening the family presented Mr. and Mrs. Stapley with a lovely automatic dual control electric blanket, for which they voiced their thanks.

Friends and neighbours join in extending to Mr. and Mrs. Stapley congratulations on this occasion and wish for them many more happy anniversaries.

'AOTS' Conference At St. Paul's Last Week-End Proves Successful

(Rev. A. Packman)

"The World has discovered," said Dr. Mutchmor, on Sunday, at St. Paul's United Church, "the power and the capacity to make war, it now has to discover the capacity to make Peace."

Dr. Mutchmor addressed large congregations at three different sessions on Saturday and Sunday. In speaking of The Gospel and its social and moral witness, the speaker drew a sharp featured picture of the various 'Fronts' on which the gospel has to find its witness. Being the head of the United Church's Social and Evangelical Department, Dr. Mutchmor is naturally alive to the evils of alcohol, drug and such like destroyers in our midst — over against this he put the Gospel, whose only witness is sheer goodness.

On Sunday morning the subject was "Christian Brotherhood." Using the pattern of the 'Good Samaritan,' the speaker developed his subject along the lines of "Enemy, Stranger, Neighbour, Brother." He left no doubt in any mind as to the real meaning of such things as "Jealousy, Malice, Envy," etc. and he made no mistake when he pointed out that the use of such terms as "New Canadians" was in fact treating immigrants not as neighbours or as brothers, but as strangers.

Old Landmark Gone At Glen Ross

A landmark at the edge of the Trent Canal at Glen Ross has disappeared with the demolition of the Lock Master's residence, always known as the "Armstrong House" which has outlived its usefulness. A fine new brick house on the opposite side of the road, and the canal has replaced the old one and the lock master, Mr. Shirley Towes and his family, are the residents.

Records show the brick Armstrong House was built by Clement Armstrong in the year 1830, replacing an older frame building that had stood for many years. Both were licensed hotels and were in business until the time of local option in 1905 when bar licenses were abolished.

One item of historical news is that in 1890 Sir John A. MacDonald, then Prime Minister of Canada, was a hotel overnight guest and gave an address in Glen Ross School. The Trent Canal was first built in 1826 and the Canal House in 1830 was an old stone dwelling by the river near the road on the farm now owned by Douglas Pyear.

Presentation To Bride and Groom

The home of Mr. and Mrs. Sheldon McIntosh, Mill St., was the scene of a happy gathering on Saturday night when friends and neighbours gathered to honour Mr. and Mrs. Marson Smith (nee Margaret McIntosh).

Rev. K. J. Rooney acted as master of ceremonies for a programme opening with community singing with Mrs. Clarke Rodgers at the piano. Miss Nancy Wilson, a contestant in the recent public school speaking competition, gave her talk on "Education in Ontario." A reading was given by Mrs. E. Foster and Bob and Ross McIntosh rendered a vocal and piano solo, respectively.

A special feature of the programme was provided by Mr. and Mrs. Harold Pitcher, Frankford, who showed films of scenes in Florida and Bermuda.

An appropriate address was read by Mrs. Frank Hamdring and Mrs. Chas. Vance and Mrs. Geo. Hagerty made the presentation of a clothes hamper and a smoker to the young couple.

Dainty refreshments were served and a social hour enjoyed.

When, on Sunday evening, Dr. Mutchmor came to his final subject, he dealt with National and International affairs, drawing a thumb-nail sketch of what is happening on both fronts.

Canada stands mid-way between two mass states. It is the ham in the sandwich, as the Secretary for External Affairs said a few days ago. Are we to go into the 'mincing machine'? This being jammed between Russian and the United States of America, places Canada in an invidious position. It faces us with a dilemma regarding nuclear warfare. "Are we to contract IN, or OUT?" And who would care to answer that question?

I think Dr. Mutchmor was a little less sure of his footing when it came to his thesis on "Massification and the Power Elite." He said that we are now being introduced to the evils of a fifth stage in the development of Western Civilization. This dilemma may be outlined as follows: (a) the Pentagon, the military feature; (b) the General Motors Corporation, which equals economics; (c) Eisenhower, political.

We are surely mistaken if we imagine that we can chirk about our High Standard of Living, and at the same time, curse the big corporations that made such standards possible. I (Continued on page eight)

ment. The chief of the tribe ordered the missionaries to depart as they had not taught the people anything they did not already know. They were thunderstruck and pleaded to be allowed to stay another six months. They concentrated entirely on the New Testament and the stories of Jesus and His love. The chief told them at the end of the six months that they could stay as long as they liked because this really was new. So the Gospels distributed by the Society speak new truth to all people.

Celebrating the 105th year of its life in 1959, the National Bible Society of Scotland reviewed its work all over the world. A story of the work of this Society in Indonesia tells how some German missionaries obtained permission, grudgingly given, to teach a remote tribe. Two years were spent teaching the principles of right and wrong largely from the Old Testa-

Eggleton Mission Band

The November meeting of Eggleton Mission Band was held at the school on Friday afternoon with 27 children and 3 adults present.

The worship centre at the front had been arranged by Sam Danford and Glenn Stapley, with a lovely coloured scene in the background; the Bible and offering plate in front and at one side a vase of bright orange bitter sweet.

Ivan Reide presided over a program prepared by Vickie Browning and Carol White and opened the meeting with all singing "Wonderful Story of Love" and repeating in unison the Mission Band Purpose. The Scripture reading, Psalm 43, was given by Sam Danford.

Four girls, Dianne Prest, Lois Danford, Carol White and Vickie Browning sang "God Sees the Little Sparrow Fall." The offering was gathered by Linda Prest and dedicated by singing "Father Bless the Gifts We Bring Thee."

Lois Danford contributed a piano solo. The leader, Mrs. Maurice Clancy, put coloured figures of African men, women, children, nurses, etc. on the flannel-graph. Then she had Brian Kovach, Wayne McMullen and Terry Kovach come to the front and practice the drum call to worship.

Following this Mrs. Clancy gave the chapter from the study book "Almost Grown Up." Boloji wanted a spear so he could take part in hunting for Old Hippo. So he gathered wood and helped the village blacksmith, who made one for him.

A short recreation period was enjoyed with Mrs. Clancy teaching the children how to count up to 5 in the African language. The meeting was dismissed with prayer by Mrs. Reide.

Fancy homemade cookies brought by Marilyn Stapley and Ivan Reide were then served.

Hastings County Juniors 9th Annual Club Night

Hastings County Junior Farmers and 4-H Club members held their 9th annual club night at Stirling Friday evening when prizes and other awards won during the year's club activities were presented.

Guest speaker for the event was Mr. Art Bennett, assistant director of extension for the Ontario Department of Agriculture. Chairman for the evening was Wesley Farrell, President of the Hastings County Club Leaders' Association.

The agricultural award, the Bank of Commerce wrist watch, was won by Douglas Rollins, of Plainfield, as the outstanding 4-H Club member during his years of membership in agricultural club work, while the Homemakers Club award, the Bank of Commerce silver tray, went to Nancy Reynolds, of Madoc.

Ron Heath, of Stirling and Robert Sager tied as club members of the year and each will receive cheques for \$15 for their efforts from the Victoria and Grey Trust Company.

The Stirling Community Hall was filled almost to capacity for the club night programme, which saw juniors and their parents from all parts of Hastings in attendance. The program was under the direction of Agricultural Representative Sidney McDonald and Associate Director, Clinton Nesbitt, of Stirling. Musical selections were given by Margaret Bates, while Mrs. Fred Bailey led in community singing.

Guest speaker Arthur Bennett who, as assistant director of extension, congratulated county 4-H club members and Junior Farmers on their year's work.

No other County in Ontario had done as well at the inter-club competitions at Guelph as had Hastings, he said. Hastings had five teams placing 5th or higher in the competitions.

Mr. Bennett also congratulated the county juniors on their showing at the Ottawa Winter Fair.

Problems of Future
The speaker went on to outline the mounting problems with which farm families of the future will be faced, noting that the tendency would be toward larger and more specialized farms requiring more and more know-

how.

"The time is past when an extra bit of brawn can make up for the lack of farming know-how," he said.

Farm families of the future will be increasingly in the minority as farms get larger and the number of farm families fewer. This would necessitate better public relations to make the farmers' problems known to an increasingly greater percentage of the nation's population.

Training in decision-making would also be of great importance for the future farm family. The high capital investment required for farming operations today would make handing down of family farms more difficult and would be a big obstacle or establishment of new farms.

Douglas Rollins, now in his second year at Guelph Agricultural College, was valedictorian for the club night and told 4-H members and Junior Farmers that club training was getting increasingly more important.

INVESTMENTS: The B of M maintains a strong liquid position through investments in high-grade government bonds which have a ready market. Listed on the Bank's books at amortized value, they amount to 680,591,333

QUICKLY AVAILABLE RESOURCES: The resources listed above cover 51.6% of all that the Bank owes to the public. These "quick assets" amount to \$1,578,355,278

LOANS: During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind — to farmers, fishermen, oilmen, miners, lumbermen and ranchers — to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans amount to 1,353,187,079

MORTGAGES and hypothecs insured under the National Housing Act, 1954 — representing advances to homebuilders 227,153,276

BANK BUILDINGS: In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at 800 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at 47,009,972

TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS \$3,259,693,572

WHAT THE B of M OWES TO OTHERS:

DEPOSITS: While many business firms, manufacturers, merchants, farmers and people in every type of business have substantial deposits with the B of M, well over half of the money on deposit with the Bank is the personal savings of more than two million private citizens. The total of all deposits is \$2,998,208,008

OTHER LIABILITIES: Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions 60,134,833

TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS \$3,058,342,841

TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO 3,259,693,572

WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO \$ 201,350,731

This figure of \$201,350,731 is made up of money subscribed by the shareholders and, to some extent, of earnings which have from time to time been ploughed back into the business to broaden the Bank's services and to give added protection for the depositors.

St. Paul's W.A. And W.M.S. Hold Combined Meeting

On the first day of December, in the new Sunday school rooms of St. Paul's United Church, cheery with Christmas decorations, the women held a joint meeting of W.A. and W.M.S. groups. Mrs. A. Packman, President of the W.M.S., and Mrs. A. Brooks, President of the W.A., warmly welcomed some

65 members and visitors.

With Mrs. Harold West as pianist, Mrs. Brooks opened the meeting using the W.A. theme song, "Let the Beauty of Jesus be seen in Me." Mrs. Packman, co-chairman, then gave the following thought for the Christmas setting, closing with prayer, "I will light candles for Christmas."

Candles of Joy dispel all sadness
Candles of Hope where despair keeps watch.
Candles of Courage for fears ever present;
Candles of Peace for tempest-tossed days,
Candles of Graces to ease heavy burdens,
Candles of Love to inspire all my living,
Candles that will burn all the year round.

Business

Business was dealt with separately by each of the Presidents, Mrs. Harold Wells reported a bank balance of \$329.34 for November. On motion it was decided to enter for the Masonic banquet on January 21st; also to donate the sum of \$25.00 to the Scott Mission. In view of the fact that clothing for Overseas Relief is still in great need, a decision was made to send extra bales of such clothing as a special Christmas project of the church women. Clothing must be clean and usable and is requested to be in at the church some time in the next two weeks.

Mrs. L. Thompson presented the report of the nominating committee for the W.A. Auditors appointed were Mrs. R. Duffin and Mrs. W. West.

W.M.S. business was conducted by Mrs. Packman. The treasurer, Mrs. C. Macklin, reported \$92.80 for the month of November.

The Stewardship Secretary, Mrs. W. Elliott, read Christmas greetings from a letter received from the Presbyterian Secretary, Mrs. Davis, of Belleville. Mrs. Elliott mentioned the clothing for the bales, stressing that it be not worn out clothes, nor should we give to God our worn-out time and service. When the Wise Men came to Christ they brought their best gifts. Have we given our best this year? Let us go beyond our duty and make a gift of love that our year may be a success and tribute to the great interest and effort of our President, Mrs. Packman offered prayer for our missionary, Miss Evelyn Matthews, of Yorkton, Sask., in Home Mission work.

The 1960 slate of officers for the W.M.S. was presented by Mrs. Earl Eggleton. The Separate offerings were dedicated by Mrs. Packman.

Programme

Mrs. W. Brown and Mrs. R. Patterson, leaders of the W.A. and W.M.S. groups, respectively, chaired the remainder of the meeting, opening with the Christmas carol, "O Come Let Us Adore Him." The Scripture lesson from St. Luke 2: 1-20, was read by Miss M. White, a member of the December group.

Mrs. Patterson gave the commentary on the lesson, mentioning that the road to Bethlehem has become so familiar, the story so old, that perhaps we see in it nothing new? Yet, after all, to reveal Himself to man, God used very ordinary things, nothing new — the family, the baby, the warm stable. Gift giving is one of the sweetest traditions of Christmas, its origin being in Heaven's great gift to mankind on that first Christmas night, and that cry, despite threatening circumstances, rings down through the ages, "Fear not, for behold I bring you good tidings of great joy which shall be to all people, for unto you is born this day in the city of David, a Saviour, who is Christ the Lord." The tradition of gift-giving, has significance only as it shows the heart's intention to express faith and hope and love. These are the gifts without

price. What gift are you planning to give this Christmas? This supply is unlimited.

A story read by Mrs. David entitled "What do you want for Christmas," pictured a woman sitting by her fireplace after the children had gone to bed, thinking of what she would say if that question were asked of her. She decided she would wish for love, to love and be loved, for wisdom to know the right and courage to follow it, for opportunities of service and awareness to see all that is grave and high hearted in lives of others in their sorrows and needs. The closing prayer was offered by Mrs. A. Scott.

Several Christmas carols were enjoyed as was also a solo by Mrs. S. MacDonald, "The Road to Bethlehem." Mrs. West was pianist.

Address

The special speaker for the afternoon was Mrs. Eleanor Leard, assistant minister at Tabernacle United Church, Belleville, who was accompanied by Mrs. Roy Brickman, also a member of Tabernacle. Mrs. Leard was introduced by Mrs. W. Elliott.

Mrs. Leard, an ordained minister in her own right, spent some time in India with her husband who still serves the church there. She spoke of the great social revolution in India as the people are trying to achieve ideals that are written into their constitution; of the rapid changes and exciting improvements in agriculture, in literacy and in industry. There is also a change in the task of the Christian Church. The Canadian church is planning to use money in creative ways rather than in maintaining buildings and paying Indian pastors who should be the responsibility of their own people financially.

Because the Christian church has reached out to the lower castes, the untouchables, some of higher caste by the thousands are taking Bible correspondence courses, in order to know the Christian belief, yet do not want to associate with the despised. Today, Missionaries must help and guide in more creative ways. We may help by providing more scholarships for Indian students who will become future leaders, also by helping train literacy workers, musicians and radio technicians and in time, instead of being a minority group with the psychology of depressed people, they may learn to be proud of the achievements of their Christian church.

Mrs. Geo. Carlisle graciously thanked the speaker for her enlightening address.

Afternoon Tea

Mrs. Brown pronounced the benediction and invited the ladies to the lower Sunday school room where tea tables were most inviting with their traditional Christmas candles and ornaments. On behalf of all Mrs. A. Brooks expressed appreciation to the groups in charge for the splendid programme and most enjoyable lunch. All joined in the Doxology, "Praise God from Whom All Blessings Flow."

An Open Letter to the Citizens of Stirling

Having accepted a nomination for the position of Reeve of this municipality, I would like to take this opportunity of stating "WHY" I am running and also to list some of our accomplishments in the past year.

1st — "Why" — Having served for four years on Council and the past year as Reeve, I feel that I am closer to many of our major problems than anyone else, especially relating to our sewerage system. I was elected to the Reeveship last year and have worked hard and long on ironing out many of the problems of this system. Now as it nears completion, I feel that some one that has been

extremely close to these problems should be in a position to tie up all the loose ends that still exist, and to bring to a close a satisfactory agreement with the Ontario Water Resources Commission and this municipality.

There are many other reasons why I feel I should be left for another year, but this is the most important and space does not permit me to list all. However, I would like to list some of the accomplishments of your Council and myself as Reeve.

(1) In the face of rising costs we have managed to hold the residential mill rate at the same level and have raised the commercial rate only one mill.

(2) Working with our Local Member, the Ontario Department of Highways, the Ontario Hydro and the Bell Telephone, we are going to have a new highway complete with curbs, storm sewers and sidewalk from the south side on the Frankford Road to the corner of Front and Emily Streets. Another accomplishment that will greatly enhance the beauty of our village and will certainly add to the property value of all those living on the right of way.

There are many other things that I might mention as well but once again space does not permit and I would like to close with the following thought. I have been a resident and business man of this village for a great many years, and I intend to continue as such. I have a shop centrally located where anyone is welcome at any time where we can intelligently talk over any problems that may arise. This service is available every day and not just on "week-ends."

I am sorry that I will not be able to personally call on many of you during this week as I am attending County Council representing your interests.

Your patronage and support will be deeply appreciated on Monday, December the seventh in electing me for Reeve.

VEGETABLE QUIZ

Question — Name one cooked vegetable that isn't better with butter.

Answer — There aren't any! Butter adds something good to all cooked vegetables — beets, brussels sprouts, cabbage, carrots, cauliflower and all the others right down through the alphabet to zucchini squash.

Question — What sauces are good with vegetables?

Answer — Lemon butter sauce

adds exactly the right zip and flavour to brussels sprouts or cauliflower. Harvard sauce, with its tart flavour and butter-creamy texture, is traditional with beets. And for practically all fall vegetables — carrots, cabbage, celery, mushrooms, onions and even diced potatoes or turnips — there is nothing nicer than a buttery-smooth cream sauce for excellent flavour and appearance. A cheese sauce (add up to 1 cup grated cheese to 1 cup cream

sauce) is especially good for serving with cauliflower.

Question — How do you candy or glaze vegetables and which ones are good this way?

Answer — Onions, parsnips, turnips, carrots and squash are all good glazed. You can glaze vegetables on top of the stove, in a hot oven, or under the broiler unit.

First, you boil the vegetable (whole or cut in large pieces) until just about tender. Drain, pour into a shallow pan, sprinkle with brown sugar or drizzle with maple syrup or honey, then dot with butter. Cook uncovered, turning vegetable occasionally to coat all sides with glaze. Add a dash of spice such as nutmeg or cloves during cooking — be sure to choose a spice that goes well with the meat being served.

Squash is usually glazed in the oven, since it is being cooked there anyway. The butter and sugar are spread over the top surface of the squash during the last few minutes of the cooking time. If squash is cooked on top of the stove, glaze it under the broiler.

OF MANY THINGS

(By Ambrose Hills)

UKRAINIAN WEDDING

My young nephew married a lovely Ukrainian girl last week, and I attended the wedding and learned a lot.

Of course, I had known many Ukrainians before. I taught school once in a district that was almost entirely Ukrainian, and I liked them very much. They seem so alive; they work hard, play hard, love hard and hate hard. I always think of them as the European Irish. I used to read translations of their poetry, sitting in my small room above the school house, when I was lonesome for home. It was truly an experience. One could see the wheatfields and sense the suffering of a people in bondage passionately yearning for freedom — and reading it, I'd forget being lonesome, and go visiting.

On those visits I would consume great quantities of helobche and

pyrygies, so I guess that's why the food at the wedding last week tasted so wonderful to me. And why the singing of Ukrainian songs sounded so good in my ears.

Ukrainian weddings are wonderful. The bride and groom were given just about everything that a young couple could possibly need for their home; and on top of that, the guests shelled out in hard cash a sum that seemed mighty big to us anglo-saxons who are relatively niggardly in that regard.

I confess that I had been somewhat cynical about all the fuss and planning and endless arrangements that seemed to be required for a wedding; but when it was over, I was impressed.

The boy and girl who marry in Ukrainian style have a good start. They know, for sure, that the knot has been tied and pulled tight. They know that relatives and friends wish them well — for that is proved in the generosity of the giving and in the gaiety of the celebration, and in the tears that are shed so copiously.

When I first knew Ukrainians, they were mostly very short of cash. Today, they are prosperous, but they know how to spend their money for the big, important things. If they have a fault, it is in their pride — but that was a quality developed by necessity in a race plagued by oppressors.

Here is an atmosphere of freedom, they have prospered. They have made their own way and on top of that have contributed tremendously towards the development of Canada. Further, they are likely to help keep Canada free — for they have known oppression and they hate it fervently.

Bank of Montreal Annual Report

More Canadians borrowed more money from the Bank of Montreal in 1959 than ever before, according to the bank's annual statement, released here this week by Leslie Rawlings, manager of the Stirling branch.

Commenting on the bank's 142nd year of business, he said the unprecedented demand for credit of all kinds came in one of the "tightest" money periods of modern times. In total, B of M loans were more than 25 per cent above the 1958 figure — \$1,772 million compared with \$1,416 million. These included a \$2.55 per cent boost over 1958 in NHA mortgage loans, from \$171 million to \$227 million, enabling more people to buy homes of their own.

To cope with Canadians' loan demands, the bank reduced its security holdings by more than a quarter. These are now reported at \$886 million, or 28 per cent lower than a year ago.

Strong Liquid Position

As a result, although the B of M maintains a strong liquid position, "quick" assets now stand at \$1,578 million, or 51.6 per cent of all liabilities to the public, versus 62.1 per cent at October 31st, 1958.

Deposits show a little change at \$2,998 million, compared with \$3,038 million a year ago. The same is true of total B of M assets, which stand at \$3,259 million, against \$3,277 million in 1958.

The bank's earnings for all of its 510 offices in Canada and abroad totalled \$24,833,660, before income taxes. Provision for these tax bills, however, took more than 50 per cent of the earnings, or \$12,642,600, so that the net profit was \$12,191,060, or

\$1,834,370 more than in 1958.

The 21,000 B of M shareholders received dividends totalling \$10,684,730 on the basis of \$1.85 per share — or \$1,957,870 less than the tax bill.

The year's operations included issue of "rights" to 675,000 new shares of capital stock. When completed, this issue will bring the B of M's paid-up capital to \$60,750,000, the largest of any Canadian bank.

Diefenbaker Urges Support For Safety Week

When drivers on the highways are indifferent to the dangers they meet or create, there can be only one result: death to many. More than 3,000 people were killed on the streets and roads of this nation last year, a needless waste of human life. Each often died chiefly because someone did not do what he knew how to do.

To try to combat indifference in respect to the perils of the highway, on the part of both motorist and pedestrian, the Canadian Highway Safety Conference is once again sponsoring a nation-wide Safe Driving Week, December 1st to 7th inclusive. It is the responsibility of every citizen to awaken to the seriousness of such a campaign designed to reduce the terrible highway toll in Canada.

Ottawa, 1959 Prime Minister

NEWS FOR THE BUSY FARMER

OUTLOOK FOR FARM PRICES

The latest issue of Ontario Farm Business, published by the Ontario Department of Agriculture, divulges the following information in its outlook for farm products.

Beef Cattle — Canadian prospects are at least as good or perhaps better than in the U.S. Beef cattle numbers are almost the same as last year, the heavy exports of early 1959 have fallen off, and Canadian prices have advanced \$2 to \$3 relative to U.S. prices. Beef prices likely to be only slightly weaker in 1960.

Hogs — Canadian prices are likely to remain at the floor of \$23.65 until deficiency payments are introduced on January 11th. Some dislocation is likely at that time; the market price would be considerably lower for some months after January.

Butter — At the end of September stocks were up 20 per cent, home consumption was down 4 per cent from 1958 and 8 per cent from 1957; margarine consumption was up 5 per cent from 1958 and 15 per cent from 1957. Price support at 64 cents.

Cheese — Stocks are down 8 per cent and the U.K. market is strong. Present prospects in U.K. and thus in Canada are good.

Skim Milk Powder — Stocks are becoming manageable with subsidized exports and a slight decline in output. Prices are likely to be fairly stable, though perhaps with spray powder weakening.

Feed Grains — Ontario-produced feed grains are in lower supply. Hay and ensilage supplies are adequate.

Winter Wheat — Price prospects are good, with a crop only one-half as large as last year's.

ADD SOME SUPERPHOSPHATE TO MANURE SAYS SCIENTIST

Why add superphosphate to manure? For three reasons, says O.A.C. soils scientist W. L. Campbell.

"First, one-half of the nitrogen in manure is changed to ammonia gas. Superphosphate in the gutter combines chemically with the nitrogen in fresh manure and prevents ammonia loss," says Campbell.

Another reason is that manure is an unbalanced fertilizer containing 10 pounds of nitrogen, 5 pounds of phosphate, and 10 pounds of potash per ton. If you add 20% superphosphate at 1 pound per day per mature animal, it will balance the manure out of a 1:1:1 ratio.

Third, Ontario soils are usually short of phosphates. Adding superphosphate helps overcome this deficiency, says Campbell.

ANGLICANS ESTABLISH "PRIMATE'S WORLD RELIEF FUND"

Most Rev. Howard H. Clark, Primate of the Anglican Church of Canada, recently announced the inauguration within the Church of a continuing fund for world relief.

The action, approved by General Synod, will enable the Church to respond quickly when financial aid is needed in times of emergency at home and abroad. The fund, to be known as the Primate's World Relief Fund, is now open for contributions, and there will be a national appeal on its behalf on Sexagesima Sunday, next February 21st.

In a letter to all clergy of the Church throughout Canada, Archbishop Clark said that of the amount to be raised, at least \$100,000 will be contributed to the World Refugee Year programme sponsored by the

United Nations and supported by the World Council of Churches. By this means the Anglican Church of Canada hopes to advance substantially its support of the programme of Inter-Church Aid and Service to Refugees of the World Council.

Archbishop Clark said that contributions to the fund are to be made through parish churches and amounts collected are to be forwarded through diocesan synod offices to the fund's headquarters in Toronto.

He said that action will be taken at once to make Anglicans fully acquainted with current world relief needs and especially the grave plight of refugees in Europe and Asia.

HENS FIND PROTEIN IN SUNFLOWER

Sunflower seed oil meal ranks high as a major protein supplement for laying hens, judging from experimental results from the Canada Department of Agriculture.

In rations containing 2.0 or 2.5 per cent fish meal, the complete replacement of other supplementary protein sources with sunflower seed oil meal had no influence on:

- mortality
- egg production
- body weight maintenance.

However, when meat meal was replaced by its protein equivalent of sunflower seed oil meal, and by an equivalent amount of mineral supplements, feed consumption tended to be higher.

Since low dietary energy is usually associated with high feed consumption, it appears that the sunflower seed oil meal diet was relatively low in energy.

These experiments involved 324 pullets confined to individual cages and 630 pullets in floor pens.

HOW TO PREVENT RINGWORM AND WARTS

The other day Dr. Howard Needy, Extension Veterinarian at the Ontario Veterinary College, was talking to a farmer about skin diseases in cattle. The farmer was concerned about the fact that some of his best show cattle had developed ringworm and warts.

Dr. Needy admitted that there were no new cures for these bugbears. "The hardest thing about treating ringworm," he says "is picking the treatment that works best."

The veterinarian suggests this method:

- Before treating the lesion, scrub it with a stiff brush and mild soap.
- Apply tincture of iodine to the lesion.

How do you prevent ringworm? The first step is to isolate any infected animals. Clean and disinfect grooming combs, halters, ropes, rubbing posts and feeders with a 1% chlorinated lime solution. This is the best system for wart prevention too.

"Wart treatment depends on the number of infected animals," comments Dr. Needy. "If only a few warts are found they can be removed surgically with an elastic band." When warts are common in the whole herd Needy suggests using a prepared vaccine.

TIPS ON SOW CARE AT WEANING TIME

Some farmers wean pigs gradually; others take the sow away and never let her see the pigs again. Regardless of the method O.A.C. swine researcher Garnet Norrish suggests you "take the sow away from her young — not the pigs away from the sow." Pigs become restless or try to break out.

left in the pen in which they are accustomed to staying aren't likely to. The Ontario Department of Agriculture swine expert also suggests that you watch the udder of the sow closely to make sure milk secretion has stopped.

"If she is obviously suffering from udder distension, allow the young pigs to milk her out once," suggests Norrish. "Do it only as a last resort though. Reducing the amount of feed and bulking the ration up with 15-25 per cent bran for a few days before weaning will hasten off the drying process."

THINK NOW ABOUT NEXT YEAR'S CROPS

Here's a money-making way to make use of spare time this winter: Plan for 1960 crops.

Says Ontario Department of Agriculture crops specialist Stan Young: "Soil and crop improvement meetings, and breed and federation meetings are one of the best sources of information at this time of year. Crops specialists at these meetings can be a great help. Ask them about your problems. Then, talk to other farmers and get their opinions."

At meetings in which panel discussions are featured, always ask questions. No group of crop specialists can help you unless they hear what your problems are.

Research is now under way on many crop problems. Make it a point to find out if there are any new developments on your particular problem. If there are, find out how they apply to your farm. Then follow them up.

BEEBLE AIDING WEED CONTROL

At Belleville, Ont., scientists of the Canada Department of Agriculture's Entomology Research Institute for Biological Control are discovering ways of controlling weeds by using the insects that attack them.

Toadflax is not a serious problem in Ontario, where the seeds are attacked by a beetle, but it is increasingly rapidly on farmlands in the prairie provinces, where this beetle does not exist.

Beetles collected in Ontario were liberated at Marsden, Sask., and Codesea, in the Peace River district of Alberta. They died out at Marsden during a severe winter, but they have increased and spread in the Peace River district.

It is too soon to say whether or not the beetle will reduce the spread of the weed in Alberta. It is not expected to wipe out existing stands, as the weed spreads by underground stems, which are not attacked by the beetle, as well as by seeds.

Because of this, a search is being made in Europe for insects that will attack the stems and roots. If found, they will be tested intensively under quarantine at Belleville to ensure that they will not attack crop plants. Any that survive may be liberated in Canada.

Attempts to control St. John's Wort in British Columbia by liberating three kinds of beetles obtained from abroad have been only moderately successful, and a search for other suitable insects is in progress in Europe.

A leaf-eating caterpillar is being tested at Belleville to see if it is suitable to control tansy ragwort in eastern Canada, and studies on the insects that attack Canada thistle are in progress both at Belleville and in Europe.

A Horrible Death

Death by fire is a horrible way for anyone to die, and the survivors are permanently scarred in mind or body. It is doubly tragic that so many victims are little children who are unable to protect themselves and who had relied on grown-ups to preserve their safety.

There were 873 completed and capped natural gas wells in the Province of Alberta at the end of 1958, awaiting a market. They represented an idle investment of approximately \$150 million.

More than 81,000 persons are employed by the electrical manufacturing industry, producing more than \$1,222,000,000 of goods annually.

Madoc - Foxboro Road Remains In County System

Hopes of Hastings County Councilors that the Madoc-Foxboro road might be taken over by the Ontario Highways Department as an extension of No. 62 highway, were dashed Tuesday with the reading of a letter from Highways Minister Hon. Fred M. Cass, stating that there was not sufficient travel on the road to warrant its being a provincial highway.

The letter from the Highways minister was in answer to resolutions forwarded by County Council and other local bodies for the county road to be taken over as a highway.

The letter indicated that surveys had shown that although traffic on the Madoc road was increasing it was still not more than half that which travelled either No. 37 highway or No. 14 highway.

Also the number of households which the Madoc road served was less than half served by either of the two parallel provincial arteries.

The letter noted that the two north and south provincial highways "very adequately" provided service for Hastings county and added that the traffic on the Madoc road did not warrant it being taken over by the province.

If it was assumed by the province the Hastings County area would be receiving better highway service than other parts of the province.

A traffic survey had indicated that not more than 5 per cent of the traffic on the Madoc road was through traffic to Bancroft.

River Valley W.M.S. Meeting

The November meeting of River Valley Woman's Missionary Society was held at the home of Mrs. Gerald Brooks on the afternoon of November 17th.

The President, Mrs. Glenn Bush, opened the meeting with the hymn, "He Leadeth Me," followed by the Lord's Prayer in unison.

Two cards were reported sent, four books read and ten home calls reported. The Supply Secretary, Mrs. J. Kane, stated that the layette was nearly ready to be shipped. The December meeting will be held on the evening of the 18th at the school. All the men are cordially invited to attend. Mrs. G. Brooks and Mrs. Jack Bush will prepare the programme and

Mrs. J. Kane and Mrs. Glenn Bush will plan the lunch. Everyone is reminded to bring their mite boxes to this meeting.

Mrs. Ross Bush brought in a report from the nominating committee. Mrs. Ross Bush took charge of the programme which opened with the hymn, "King of Love My Shepherd Is." The Scripture Lesson, which was read by Mrs. Roy Bush, was taken from Isaiah 61. Prayers were given by Mrs. Ross Bush, Mrs. Stanley Irvine and Mrs. Glenn Brooks. The hymn "Go Labour On," was sung.

The theme of the programme was "Faith," so everyone joined in the singing of "Faith of Our Fathers." Twelve members answered the roll call by reading a verse of scripture containing the word "Faith."

Mrs. Glenn Bush repeated the 23rd Psalm. Mrs. Geo. Heasman read the Indian version and Mrs. J. Kane the Japanese version. Mrs. Gerald Brooks then forsook thee. Mrs. E. Carr offered prayer. The closing hymn was "How Firm A Foundation," followed by the benediction, bringing this very enjoyable programme to a close.

After the serving of a delicious lunch Mrs. Jack Bush moved a vote of thanks to the hostess, programme and lunch committees.

AOTS Conference

(Continued from Page 1)
would have thought that the real thing to concern ourselves with is the "Gap" between our high standard of living and our low standard of life.

However, there is much to say on the subject and Dr. Mutchmor said it. Mentioning the recent great strike which is not yet settled and may come upon us again, the speaker held that the real problem is property. The question has passed through several stages. First, property was privately owned. You owned it. Next, property was held by the shareholders. Thirdly, some countries bought out the holders and Nationalized it. Four, Russia took it all over and it was never paid for. Here is the second dilemma. Who is to own what? Everybody wants a bigger cut of the cake. Maybe we will find ourselves in a place where there is no cake.

Dr. Mutchmor wound up his address with the assertion: "The Church is the conscience of the State."

This was a great week-end. The Church was comfortably crowded with many people in the balcony. Nearly 100 men sat down to breakfast together at 8.00 o'clock on Sunday morning at the Oddfellow's Hall. The ladies served a wonderful meal and their part in the programme set a good spirit for the day. Carmel fed the crowd at lunch on Sunday noon. St. Paul's ladies served around 140 men on Saturday evening at dinner. Among others taking part were

Charles Allen, an old friend of St. Paul's and Quirt McKinney, both of Peterborough. These provided the singing — it was marvelous.

A great deal of praise has to go to the planning committee for the success of this great effort. Led by Don Williams, the President, nothing was left to chance. It was a job well done.

Among the Discussion Group Leaders were: Clare West and Ken Gilles, of Stirling; Don G. Williams, Stuart Robb and Taylor Franklin, of Belleville; Felix Skotajan and Herb Kirm, of Batavia; Walter Elliott, of Campbellford; Quirt McKinney, of Peterborough, and Harvey Putman, of Cannifton.

Workshops held on Sunday afternoon were as follows: "Let's Look at Stewards," conducted by Stuart Robb, Belleville; "Let's Look at Elders," conducted by Taylor Franklin, Belleville; "Men's Club Clinic," led by Phil Spence, of Toronto; "Personal Devotions," conducted by Rev. Frank Whitely, of Picton.

The worship services were in charge of Clare West, Craig Watson, Welman's, and Walter Elliott, of Campbellford.

The Planning Committee of St. Paul's AOTS Club included Don Williams, Clare West, Bob Hatton, Ken Gilles, Carl Potter, Robert Hulin, Jack Bush, Gordon Bailey, Ted Reynolds, Nick Jonkman and Fred Bateman.

J. V. Holt Has Majority of 52 Votes In Monday's Election For Reeveship

Approximately 67 Per Cent of Electors Exercise Franchise In Two Man Fight

With approximately sixty-seven per cent of the eligible voters turning out to the polls, J. V. Holt, defeated K. Ray for the reeveship of the Village by a majority of 52 votes in Monday's municipal election. The result was a reversal from last year when Ray was the victor by 49. Considering the fact that there was no contest for council and the inclemency of the weather the large vote polled speaks well for the citizens of the village who turned out to exercise their franchise.

In recording a win Holt gained a majority in both polls. In Poll number one, the eastern portion of the village, he got 188 votes to Ray's 153, and in poll number two, the western part of town, he got 123 to his opponent's 106.

Members of Council are C. Bateman, W. J. Morton, H. R. Tompkins and one new comer, Bert Jones, who replaces R. K. West who dropped out. The Public School Board also has a new member, Graham Mouch, who replaces Glen Whitehead. The other members re-elected were Mrs. Robert Luery and R. D. Cooke.

R. L. Hatton replaces H. J. Wells on the Public Utilities Commission.

Merrie Bowlers

Barbara Noble scored the high triple 575 and I. Dafee the high single, 230, in the Merrie Bowling League this week. Other good scores were M. Harding 219, B. Noble 220 and J. Cooke 205.

With The Curriers

Three Stirling rinks registered victories in the Marmora Curling League last night. A. Fraser downed Lavender, Marmora 8 to 5; C. Nesbitt defeated McChesney, Marmora, 6 to 3, and H. E. Baker doubled the count on Dr. Hipwell, 10 to 5.

Stamp Vending Machine At P.O.

The erection of a stamp vending machine on the north end of the Stirling Post Office by the outside letter box is a welcome addition to the postal facilities of the village.

Stamps will be available in book form at all times whether the Post Office is open or closed. The Postmaster hopes to have it stocked and in operation by the week-end.

Treats and Free Show For Every Child In District on Santa's Visit

Last year over a thousand boys and girls were present to greet Santa and it is expected there will be as many, if not more, on hand this year. It is hoped that every boy and girl for miles around will be present.

Santa's visit is being sponsored by the Business Men's Section of the Stirling Chamber of Commerce and a special invitation is extended to the parents to bring their children to town on Saturday afternoon.

Honoured On Fortieth Anniversary

A very pleasant evening was spent on Friday last by a large number of neighbours and friends at the home of Mr. and Mrs. Charles Vance, Mill St. The occasion was a rather belated celebration of their fortieth wedding anniversary.

The neighbours gathered outside the house and staged a noisy charivari before entering. There were some present who had been neighbours of the Vances when they lived on the farm on the Fourth Concession of Rawdon Township. Later they too moved into Stirling and again were their neighbours.

Rev. W. G. Fletcher acted as chairman for the programme which began with community singing led by Mrs. Roy Eggleton. Mrs. Harvey Pitcher had the pleasant duty of pinning a corsage on the bride of forty years and a boutonniere on the groom. Readings were presented by Mrs. G. Haggerty, Mrs. H. Pitcher and Mrs. S. McIntosh. Miss Barbara Ray sang a solo and Allen Fletcher played a clarinet solo. Mrs. Haggerty led in some games which were enjoyed by the children and adults alike. Speeches of appreciation were made by a number of present and former neighbours. One recalled the days when he was a pupil of Mrs. Vance before she was married.

The address was read by Mrs. W. G. Fletcher and Mrs. Lorne Wilson and Mrs. Hector Eggleton presented Mr. and Mrs. Vance with a step-up table on behalf of the neighbours.

On Saturday afternoon a gift of a table lamp was made to Mr. and Mrs. Vance from the Morrison family.

"Coffee" Party Proves Successful

A very enjoyable evening was spent on Thursday, December 3rd, when St. John's Evening Guild held their Christmas "Coffee Party" in the rectory. Mrs. Wm. Sutherland was the Treasurer for the evening.

The rooms, suggestive of the festive season, were decorated with pine boughs, glittering stars and poinsettias.

Mrs. George Noble acted as hostess for the evening, extending greetings to the guests as they arrived and invited them upstairs, where Mrs. Stewart McArthur and Mrs. Jack Green displayed a well laden gift table. Here many suggestive gifts were purchased, along with Christmas decorations, boxed short-bread and homemade chocolates.

The dining room hostess, Mrs. Edgar Hay-Ellis (President), visited with the guests in the living room and invited them to the dining room for a cup of coffee.

The table was very attractive with a green linen cloth, centred with a red star, pine boughs and silver cones. Two white candles in silver holders completed the arrangement.

Mrs. Glen Morrow poured. Mrs. Douglas Ackers and Mrs. William Webber served. Mrs. Graham Mouch, Mrs. J. V. Holt, Mrs. Ernest Carr and Mrs. Harry Cooke also assisted.

The convener, Mrs. Harry Cooke, and her committee of Mrs. George Noble and Mrs. J. V. Holt, wish to thank each one who helped make this evening a success. A special thanks to Jack's Appliances for the loan of their coffee urn.

Rangers, Girl Guides and Brownies Hold Christmas Tea and Bazaar

Stirling Community Hall Gaily Decorated—Various Booths Do Good Business

A very successful tea and bazaar was held in the Community Hall on Saturday, December 5th by the Rangers, Girl Guides and Brownies.

Christmas Carols filled the air as the guests were greeted by District Commissioner Mrs. Edward Kent. District Guider, Mrs. Chas. Fairies and Guide Captain Mrs. J. Bryant.

The tea table was pretty with its centre piece of Scotch Pine and gold pine cones, dainty plates of sandwiches and cookies, trays of celery, olives and other entrees. At each end of the table four red candles rose from silver candleabra. The small guest tables were centred with a plate of dainty sandwiches and cookies, divided in the centre with a plate of dainty sandwiches and cookies, divided in the middle by two white doilies tied with red ribbon. Tea was poured by the senior Girl Guides and the Brownies assisted with the serving.

The hall was gaily decorated for the Christmas season. Santa and his reindeer rode on top of the piano. Each window was decorated in a Christmas scene with a miniature village on the window sill. A lighted Christmas tree, snowman and poinsettias at various points added to the atmosphere of Christmas.

The bazaar tables occupied half of the hall and were placed in a "U" shape.

The home baking table was laden with pies, cakes and cookies of all kinds. The Guides were kept busy packaging the dainty confectionery.

Programme

The programme was presided over by the President, Mrs. Dunham, taking for the theme, "Home For Christmas."

Miss Emma Rainie gave a reading entitled "Home For Christmas," following which Mrs. Kenneth Tompkins rendered a solo "Merry Christmas From Our House To Your House." A reading, "Going Home For Christmas," by Mrs. Byron Seeley was very fitting. Mrs. Gerald Clancy favoured with a piano solo, "Parade of the Wooden Soldiers," bringing to our thoughts the children's toys. Mrs. John Carlisle read, "It Is Christmas Once More" and Mrs. Clifford Clancy gave a reading, "Christmas Blessings." A very appropriate solo entitled, "Dear Little Stranger," was given by Mrs. Frederick Beckett.

The hymn, "Praise the Lord," was sung, after which Mrs. Jim Pollock gave meditations on the Birth of Christ. "Angels from the Realms of Glory" was sung. Mrs. Douglas Clancy continued these reflections and two more hymns were sung, "While Shepherds Watched Their Flocks" and "Christians Awake, Salute the Morn." Mrs. Dunham gave more comments on the theme, following with prayer. "Joy to the World," was sung followed by the closing prayer by Mrs. Dunham.

Mrs. John Carlisle moved a hearty vote of thanks to the hostess for opening her home for such a memorable gathering.

Lanark Jr. Farmers Inter-County Debate Winners

On Monday evening, November 30th at the Tweed High School, Lanark Junior Farmers defeated Hastings Junior Farmers in an Inter-County Provincial Junior Farmer debate. The topic was "Resolved that Ontario farms should be larger." Actually, there were two debates with participants from each County debating the negative as well as the affirmative.

Bob Sills, of Thurlow Junior Farmers and Ruth Morgan, of Rawdon Junior Farmers were on the affirmative side while Griffin Ketcheson, Sidney Junior Farmers and Nancy Reynolds, Madoc Junior Farmers, were on the negative side. Team members for Lanark County were Allan McIntosh, Carl McIntosh, John Cochrane and Ted Gillan.

Acting as chairman was Clinton Nesbitt, Assistant Agricultural Representative of Hastings County. The judges were Orville Mussell, of Foxboro; Rev. Cyril Betts, of Madoc, and R. A. Stewart, of Lanark County.

"Mail Early" For Christmas Asks Postmaster

As in years past the local Post Office asks the consideration of business firms and the public generally regarding the following items affecting the Christmas mail, and to assure them that by so doing they will greatly assist the staff in mail handling, and will help to ensure speedy delivery at all times and at Christmas in particular.

(1) Post your letters and greeting cards tied in bundles, with the stamps facing all one way, and local and outgoing mail separated if possible.

(2) All First Class mail should be posted by 5:30 p.m. daily to ensure it leaving on the night train.

(3) Patrons on the Rural Routes should have all letters and cards properly stamped before leaving in box for collection. Stamps may be ordered and purchased from mail couriers. Patrons are reminded that regulations call for a clear road into the mail box, which will permit the courier to service same without having to leave his vehicle.

(4) Place your return address in the

upper left-hand corner of mail of any importance.

(5) First class incoming mail from the trains is not completely sorted until 9:00 a.m. Wickets open 8:30 a.m. Monday through Saturday.

(6) Boxholders, bring your box key! Regulations do not permit the removal of mail from a post office box by the staff once it is placed therein.

THE BIBLE TODAY

(By Rev. C. R. Rudd)

Protestants and Roman Catholic scholars have to a great extent worked separately on the translations of the Scriptures for their respective

churches.

Biblical scholars now say that the time is ripe to eliminate this particular symbol of division. They believe it is quite feasible to get together on a joint translation of the Scriptures.

The idea got a powerful boost from the respected Roman Catholic Journal, America. In an article entitled, "The Bible is a Bond," associate editor, Walter M. Abbot, S.J., said a common translation of the Bible "would be a great achievement in the history of Christianity."

It is hoped that studies now being conducted by both groups of scholars

may result in a meeting of minds on a joint translation of the Bible into English.

It would be hard to overestimate the importance of a universally re-organized translation of the Bible as a unifying force among Christians. Suggested

Fewer Brawls
At NHL Games

Badmen of Ted Lindsay's and Bill Ezimicki's calibre are disappearing from the National Hockey League, says Tom Alderman in the current Liberty.

"Today, hockey is big business. It's not played for fun anymore. Blows are struck rarely. Most players stay at a profane distance rather than risk a small concussion by opponent's sticks," he writes.

In the old days, Maple Leaf boss, Conn Smythe offered a \$100 bonus to any player "who'd go out there and pop somebody on the nose." Bullet Joe Simpson played one game in sub-zero weather with his feet frozen. All 10 of his toe-nails were knocked off by opponents' sticks. Only one player, Howie Morenz, has ever been killed in big-league hockey — and then it was an accident.

Toughest players in the NHL today, Gordie Howe and Jean Beliveau, will fight only if provoked. New York thought they had a new champion of dirty hockey in Lon Fontinade. But last winter, Fontinade was shown in his true colours when Gordie Howe punched his nose way off centre with one of his most rewarding punches ever seen in Madison Square Gardens.

The biggest reputation for violence belonged to Boston's Eddie Shore. He smashed into Toronto's Ace Bailey, giving him an almost fatal skull fracture. Bailey never played again and Shore was given a 30 day suspension.

Chicago's Ted Lindsay has battled rival players, policemen, fans and even his own teammates. "No man that backs away from a fight can last in the NHL," says Lindsay. "When I started, I had the idea I should beat up every player I tangled with. Now after 15 years, I still think it's a good idea."

Alderman recounts a recent New York - Toronto game which was turning into a free-for-all. The brawling stopped suddenly when Frank Mahovlich grappled at his pants and skated from the ice. Later he said, "My suspenders broke. That finished me."

SAUCES FOR YOUR CHRISTMAS PUDDING

If ever a dessert had wonderful flavour and richness, it's Christmas Plum Pudding! So spicy, so sweet, so saturated with fragrance . . . mmmmm . . . just thinking about it makes you want some!

Whenever you see plum pudding on the table there is a sauce to go with it. Some like to serve a tart fruit sauce, such as lemon-flavoured foamy sauce. Others like a golden maple sauce, but probably more popular than

either of these is a buttery-smooth, hot brown sugar sauce made the old-fashioned way, with plenty of butter and a dash of vinegar included for good flavour.

The sauce that is best of all with plum pudding, in the opinion of many Canadian families, is hard sauce. It may be made with either brown sugar or icing sugar and it is very easy to prepare because no cooking is required.

Apple Butterscotch Sauce

The apple butterscotch sauce is a Consumer Section adaption of brown sugar sauce. It is good with all kinds of hot puddings. The recipe makes about 1½ cups.

- 1 cup butter
- 1 cup brown sugar
- 3 tablespoons cornstarch
- Pinch of salt
- 1 cup apple juice
- 1 cup water

Melt butter. Blend in sugar, cornstarch and salt. Cook until mixture is slightly browned. Add apple juice and water and cook, stirring constantly, until sauce thickens. Continue to cook 2 to 3 minutes. Serve hot.

Hard Sauce

Hard sauce made this way will be almost white since icing sugar is used. It can be very easily be tinted in Christmas colours. Hard sauce put through a cake decorator or cookie press, making attractive rosettes or little hard sauce Christmas trees, will look pretty on the pudding.

- 1 cup icing sugar
- 1-3 cup butter

Sift icing sugar. Cream butter, add icing sugar gradually and stir until well blended. Chill well before serving.

To make Hard Sauce Snowman: Shape hard sauce into 2 balls, a large one for the body and smaller one for the head. Use cloves for eyes and slivers of cherry for nose and mouth.

WRITERS WANTED

I know a firm looking for a young writer, male, about 25, single, with a good education, willing to work hard and learn. They have advertised extensively but haven't yet found their boy.

There was a time when writers, as above, were dime-a-dozen. Today, they are scarce. Why?

My son, at University, gave me the answer this morning. I told him about this opportunity and asked him to keep an eye open. He said he'd look,

but he didn't think there'd be any. The reason was interesting.

"The pay isn't very good," he said, "compared with other jobs. Last summer, a lot of the guys got jobs up North . . . and they made plenty. And about all they had to do was loaf around and count their money."

Well, that's quite a change from my day. But I still think there must be a bright young lad somewhere in Manitoba where this firm is located who would give his eye teeth for this writing job, so I decided to put it in the column and see what happens.

I remember well when I was a young fellow in a small Manitoba town, busting to get a chance to write. In those days, it was thought that writing was a poor way to make a living, so I was urged to become a school teacher. This I did, against my better judgement, but all the while I kept pounding on a typewriter and submitting stories, poems, articles and fillers to magazines and newspapers. I sold many of them, too, and the editors gave me lots of encouragement. In the middle of the depression, I tried free-lance writing and came close to starvation, but I loved it. I had to get on a payroll, but radio broadcasting started to develop and I got a job writing for radio. Then, when times picked up again, I tried free-lancing once more and I have been at it ever since. I haven't made a great deal of money, but it has been a rewarding life and I wouldn't trade places with a corporation president.

For some lad who has been pounding a typewriter too, there is a job waiting. If he will write me in care of this paper, and tell me all about himself and his writing experience, I'll be glad to put in a word for him, and he can carry on from there.

Salem W.A.

The November meeting of Salem W.A. was held in the church hall with a fair attendance.

All joined in the W.A. motto, theme song and prayer. The President read a verse and hymn 401 was sung. Roll call was answered by each member

taking a slip of the menu for the supper. It was answered by 15 members. A discussion and plans about the supper followed. Roll call for the December meeting will be a gift exchange.

The Visiting Committee reported 2 calls made. The Visiting Committee for December will be Mrs. Orval Jackson and Mrs. Wm. Donald. Invitations to attend two bazaars were read.

Mrs. Arnold Ray took charge of the meeting. Hymn 400 was sung. Mrs. Ivan Sables read the Scripture Lesson, Ephesians 6: 10-18. Mrs. Harold Holden gave the meditation notes, followed by prayer by Mrs. Orval Jackson. Mrs. Stan Thompson gave a reading, "For the Fallen." Hymn 404 was sung and the meeting closed with the W.A. Benediction.

Motorists Beware Year End Festivities

Do you want to outlive this year? Well, then, you should drive as though you were making a bid for the title of "Best Driver of the Year."

This advice is given all Canadian motorists by W. Arch Bryce, Executive Director of the Canadian Highway Safety Council, which has spearheaded Safe-Driving Week.

Here are some of the specific recommendations Mr. Bryce issues to drivers at this time of the year:

1. Be sure your car is in good running condition and ready for winter.

2. Don't let your year-end festivities endanger your own life or the lives of your friends. Whenever you drive, stick to coffee and other non-alcoholic stimulants.

3. Leave earlier to get there on time and drive slowly. Allow yourself plenty of time to come to a stop. Avoid skidding by pumping your brakes.

4. Don't drive during a snow or sleet storm. If you do, you may never reach your destination.

5. When a considerate hostess offers you a cup of coffee at the end of an evening, accept it gratefully. It will help you to keep alert on the way home.

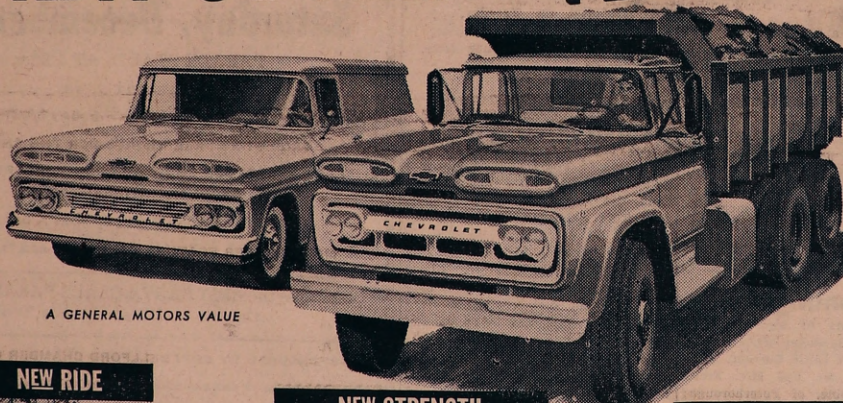

Mr. Bryce also warned pedestrians against distractions of all sorts. "The simplest of all rules is to always cross with the green light and always at intersections," he said.

NEWS FOR THE BUSY FARMER

PRODUCER-CONTROLLED HOG MARKETING EXTENDED TO 18 EASTERN ONTARIO COUNTIES

Effective December 14th, all hogs produced in Eastern Ontario will be directed to producer-controlled terminals and sold through the Ontario Hog Producers' Co-operative. The new orders, which extend co-operative marketing to the entire province, have been passed by the Ontario Hog Producers' Marketing Board and the Directors of the OHPC; they are being released to the leaders of all 42 County organizations, 1,128 shippers, 85 processing plants in Ontario and 6 in Quebec. The orders apply to the Counties of Carleton, Dundas, Glengarry, Grenville, Lanark, Leeds, Prescott, Renfrew, Russell, Stormont, Durham, Frontenac, Hastings, Lennox and Addington, Northumberland, Peterboro, Prince Edward and Victoria.

The announcement came in the wake of widespread reports that some processors were paying bonuses to producers and drovers in Eastern Ontario "in a deliberate attempt to discourage the introduction of producer-controlled marketing," according to James Boynton, Secretary of the Ontario Hog Producers' Marketing Board. "Local leaders have been pressing for action to put an end to this campaign, and the direction orders will go a long way toward normalizing hog marketing in that section of the province."

Under the regulations of the Ontario Hog Producers' Marketing Plan, orders issued by the OHPC require all hogs to be transported to and assembled at the producer-controlled terminals, while orders issued by the local board require all hogs to be purchased at these points. Local butchers are exempt from these provisions, unless they are engaged in wholesaling.

Until now 11 terminal markets have been serving the hog producers of Eastern Ontario. Three new terminals are now being set up at Belleville, Seeley's Bay and Smiths Falls to further strengthen the OHPC yards network.

To Set Up Farm Safety Council

Alarmed by the increasing number of accidents and fatalities on Ontario farms as indicated by a recent survey, Hon. W. A. Goodfellow, Minister of Agriculture, today announced his intention of setting up a farm Safety Council to which would be entrusted the task of drawing up a program designed to reduce the incidence of farm accidents.

The Council will be composed of representatives of the farming community, organizations within the field of agriculture and officials of the Ontario Department of Agriculture.

"It is a regrettable fact that agriculture has become one of the most hazardous of occupations," said Mr. Goodfellow. "Recent surveys have shown that agricultural workers had an accident death rate of 60 per 100,000 as compared to 25 per 100,000 for industrial workers of all types. Non-fatal accidents are also higher for the farm workers than those engaged in other forms of industry."

Mr. Goodfellow said that the first step in combatting the situation had been taken with the setting up of a farm accident survey in March. He was confident that on the basis of the information obtained a realistic program of farm and home safety could be developed.

"Far too often we read of death or

injury resulting from carelessness in the operation of farm machinery," said the Minister. "While mechanization has lightened many farm tasks there is every indication that too high a price is being paid in human life and injury. I am confident that the appointment of a Farm Safety Council will do much to correct this situation."

The Ontario Farm Accident survey, instituted by the Minister in March of this year, reveals that in the period from March to August some 4,057 accidents occurred on Ontario farms. During the period some 144 fatalities were reported with 119 persons suffering injuries of a permanent nature.

Accidents reported for the period March to May totalled 1,805 with 62 fatalities. During the period from June to August the number of accidents rose to 2,252 with 82 deaths being recorded. Total medical bills for persons injured during the six months period were just short of a quarter of a million dollars, being estimated at \$249,572.

Of the total of 2,252 accidents reported for the summer period of June, July and August, which recorded 82 deaths and 75 permanent injuries, 40 fatalities were suffered by young people of 20 years or under. Of the 75 permanently injured persons, 8 were from 1 to 5 years of age (This age group led all others in the number of permanent injuries suffered). Some 19 persons received permanent injuries from fixing running machines, and power lawn mowers led all other types of equipment involved in permanent injuries with 13. Excessive speed was the outstanding cause of fatal accidents.

Provincial highways led all other places as the location of the accident. Nearly 17 per cent of all accidents occurred in traffic on highways, roads and streets. A total of 27,551 days off work were suffered during the three-month period as a result of the accidents. More than 11,000 days were lost owing to falls or stumbles, and more than 3,000 lost days were suffered as a result of being caught in machinery. Medical bills reached \$166,436 double the amount for the previous three-month period. Property damage totalled \$1,218,615.

"These alarming figures more than justify the Department's concern with the matter of farm safety," said Mr. Goodfellow in paying tribute to the work of the farm people and farm organizations that are conducting the accident survey. "The voluntary work of these interested people has been a real service to agriculture and has pointed up in no small measure the need for a practical programme of farm safety."

"The farm accident survey will continue to record and analyze the accident picture on Ontario farms. The accurate farm accident picture we obtain will assist the Safety Council in devising a safety education programme for Ontario farms."

FARM MAGAZINE EDITOR LAUDS ONTARIO AGRICULTURAL EXTENSION ENGINEERS

Lane Palmer, managing editor of the world's largest circulation farm magazine, Farm Journal (circulation: 3 million), thinks Ontario's Agricultural Engineering Extension Specialists' set-up beats anything he has seen in the United States.

"We've been trying to promote the idea of engineering experts in the field for a long time in the Farm Journal," said Palmer to some of the Ontario Department of Agriculture's Engineers recently, "but so far the only one I've

seen in North America is yours."

Palmer, in Ontario to address the annual meeting of the Canadian Farm Writers' Federation, felt that agricultural engineering extension experts in the U.S. stay too close to experimental stations and colleges. His view: They aren't in contact enough with farmers to help them as much as they might.

The Ontario Department of Agriculture employs more than 20 of the specialists and most of them are located in the Agricultural Representatives' county offices. Farmers with problems of conservation such as terracing, drainage, and farm ponds, and also of remodelling farm buildings first contact their Agricultural Representative, who then puts them in touch with the engineering specialist who can best handle their problem.

"I like the idea of advice right on the farm," said Palmer. "The engineer has a better chance to size up the individual's problem."

Hospital For Sick Children Appeals For Funds

The Hospital for Sick Children, Toronto, is seeking help in meeting its research deficit, it was announced recently.

J. Grant Glasco, chairman of the Board of Trustees, said that the Ontario Hospital Services Plan will no doubt make it possible for the Hospital to devote more of its endowment funds to research.

"But we must still contribute toward the cost of giving service to people who come to clinics," he said.

"In addition, we must still look to our friends for assistance in making the Hospital's Research Institute an even more vital force in the medical world."

Mr. Glasco said that the diversity and scope of the Hospital's research programme has grown rapidly, and that some 70 projects are now being conducted.

"The Research Institute was set up in 1954 to co-ordinate a number of isolated efforts throughout the Hospital. We were at the time conscious of the need and importance of scientific research into a number of children's diseases which are still capable of killing and crippling," he said.

"The presence in a single hospital of 600 to 700 children at one time provides an almost unique record of medical data for study and research purposes, and we feel it our duty to make the most of this opportunity. Every boy and girl brought to maturity in good mental and physical health is a priceless asset in Canada's future. "We have now recruited a small but impressive group of young medical scientists under a very able director and co-ordinator of research. We are trying to keep these scientists in Canada by offering them remunerative employment on a permanent basis."

"Research benefits everyone, and support of the Hospital's current work will help make life healthier and happier for future generations," Mr. Glasco said.

Address of The Hospital for Sick Children is 555 University Avenue, Toronto, Ontario.

How To Prevent Carbon Monoxide Poisoning

"Keep the door of your machinery shed open if you plan to do any work on engines this winter," advises Hal Wright, safety expert with the Ontario Department of Agriculture. "Fuel-burning motors give off an odorless gas — carbon monoxide — that can kill you."

Reason for the deadliness of this gas: Carbon monoxide combines with the red blood cells in the lungs 200 times more readily than oxygen. The blood cells carry these carbon monoxide molecules instead of oxygen to all the cells of the body. The result: Tissues starve for lack of oxygen.

Symptoms of carbon monoxide poisoning may be headache and dizziness. The victim finds it hard to see clearly and he feels terribly tired and sleepy. If he is lucky, at this stage he will step outside for a breath of fresh air or open a door or window.

Later and more serious symptoms are alarming. There may be nausea and vomiting, shortness of breath, rapid heartbeat and unconsciousness. Then death.

Safety expert Wright suggests you get the suspected victim out of the gas-filled atmosphere as quickly as possible. Start artificial respiration at once if the patient is breathing poorly or has stopped breathing. Send for the doctor and keep the patient warm. Artificial breathing must be continued until natural breathing returns or until the physician says there is no hope.

Newman — Peterson Marriage Vows At Springbrook

Springbrook United Church was the setting for a very pretty wedding on Saturday, November 28th at 2.30 p.m. when Betty Joan, daughter of Mr. and Mrs. Stanley Peterson, was united in marriage to Paul Newman, son of Mr. and Mrs. Albert Newman, of London, Ontario.

Rev. H. E. Beare officiated at the double ring ceremony before a background of mauve and white 'mums interspersed with ferns. White satin bows designated the guest pews.

Mrs. Florence McKeown presided at the organ and accompanied the soloist, Miss Linda Wellman, of Bonarlaw, who sang before the ceremony "O Perfect Love" and during the singing of the register, "I'll Walk Beside You."

Given in marriage by her father, Mr. Stanley Peterson, the bride was lovely in her bridal gown of white nylon net, a floor length skirt featuring a lace fitted bodice with long sleeves and sabrina neckline enhanced with pearls and sequins. She wore a crown shaped headpiece encrusted with pearls and sequins with a fingertip veil of tulle illusion bordered with lace and carried a bouquet of red American Beauty roses and white 'mums, cascading from tulle illusion sprinkled with silver formed in the shape of a heart.

The matron of honour, Mrs. Bill Reid was attired in a gown of blue nylon net and lace in ballerina length with bolero, matching headpiece and white gloves and shoes completed her costume.

The bridesmaids, Miss Carol Peterson, sister of the bride, and Miss Doreen Broadworth, of Bonarlaw, cousin of the bride, wore similar gowns of pink and mauve, respectively with matching headpieces and white gloves and shoes.

Little June Solmes was flower girl dressed in a lime green nylon frock with matching headpiece and white shoes and gloves.

All the bride's attendants carried bouquets of yellow and white 'mums, fashioned with a background of net to match their gowns.

Mr. Murray Ludlow, of London, attended the groom. Little Gerry Reid was the ring bearer and wore a navy blazer and grey trousers. He carried the rings on a white satin cushion. The ushers were Messrs. Don and Glen Peterson, brothers of the bride.

The reception following the ceremony was held in the church basement.

The bride's table was appointed with white damask and centred by a three-tier wedding cake topped by a miniature bride and bridegroom beneath an arch of pink and white. Tall white candles in crystal candelabra and the bridal bouquets added to the nuptial setting.

The wedding dinner was served by four girl friends of the bride, Misses Jerrine Spry, of Marmora; Cleo Wiley, of Madoc; Lulubelle Booth, of Marmora, and Muriel McMullen.

The bride's mother, Mrs. Stanley Peterson, received the guests wearing a navy blue crepe gown with navy accessories and a corsage of pink carnations. She was assisted by the groom's mother, Mrs. Albert Newman, of London, wearing a turquoise bro-

caded frock with white accessories and a corsage of pink carnations.

For the wedding trip to Ottawa the bride chose a charcoal and blue suit with black accessories with a corsage of white and yellow 'mums.

Mr. and Mrs. Newman will reside in London, Ontario.

Woman's Auxiliary Ontario Diocese

The St. Andrew's Day Devotional of the Ontario Diocesan Woman's Auxiliary, was held in St. James Church, Kingston, on Monday, November 30th.

A Communion Service was held at 11.00 a.m. with Archdeacon D. C. Hunt preaching the sermon. In his sermon Archdeacon Hunt stressed the fact that St. Andrew was a man of great humility, but at the same time endowed with the strength to reach his spiritual goal. He asked us to emulate him as life means very little if only material things are dwelt upon.

In the afternoon a meeting was held in St. James Hall. The President, Mrs. W. F. H. Mitchell presided. A good representation from various parts of the Diocese attended.

Mrs. D. C. Hunt introduced the speaker, the Rev. Roland Adeney, Missionary from Jerusalem. Mr. Adeney holds the distinction of being or-

dained by the Archbishop of Canterbury and Mrs. Adeney is a graduate of Queen's University School of Nursing.

Mr. Adeney used as his theme "A sound mind and a healthy body." He told of the amazing growth in Israel since World War II. The population having greatly increased, necessitating the building of houses and factories. The children are healthy, though the older generation do not all enjoy good health, due to their dreadful sufferings in concentration camps. The young people are idealists, working hard for the future.

The first Anglican Bishop to go to Jerusalem at the invitation of the Greek Patriarch was in 1840, and the Anglican Church has continued his work to the present day. The Church of Scotland and the Southern Baptists from the U.S.A. have missions in the Middle East and work in close conjunction with the Anglicans. Mr. Adeney asked everyone to pray for this great work, helping in a small way to lessen the tension in that part of the world.

Mrs. R. C. Earl, of Sharbot Lake, thanked Mr. Adeney.

Mrs. Mitchell introduced Mrs. Findlater, the new Corresponding Secretary, who is replacing the late Miss Edna Dawson.

The ladies of St. James served afternoon tea at the close of the meeting.

Plastic Bag Campaign Endorsed

"An intensive educational program to instruct the public in the safe use of plastic film is the logical solution to the urgent problem of infant smotherings attributed to thin plastics," Dr. Fred W. Jeffrey, Chairman of the Ontario Medical Association Conference on Child Safety told the Ontario Safety League recently, according to a release from the Health League of Canada.

Dr. Jeffrey's statement is supported by the Canadian Paediatric Society who at their recent annual meeting passed the following resolution:

"It is the opinion of the Canadian Paediatric Society that plastic film as a cause of accidental death among infants and young children should receive the same consideration as other hazards found in all Canadian homes, such as poisons, knives, matches, electrical appliances, etc.

The need for a sustained educational programme to instruct the public in its safe use is clearly indicated. Plastic film after it has fulfilled its intended purpose, should be destroyed or stored in a place inaccessible to children. The advantages of plastic

film have been so well established that the prohibiting of its use does not seem justified."

The Ontario Safety League has launched just such a campaign as advocated. It will extend across Canada in co-operation with all other safety organizations and Departments of Health.

The Health League of Canada has maintained an educational programme since the plastic bag menace first came to the attention of the public. All possible publicity is given to campaigns on this subject by interested groups, and to new developments as they arise. Releases are sent out through press and radio constantly alerting the Canadian public to the dangers of thin plastic bags in the home.

Sudden application of your brakes should be followed invariably, and instantaneously, by a glance in the rear view mirror. The danger from behind may be greater than the danger ahead, warns the Ontario Safety League.

Spain is noted for olives and wine, but it is also one of the greatest sources of cork in the world. World Book Encyclopedia reports that Spain and Portugal together produce three-fourths of the world's cork supply.

The first frosts and snowfalls of winter can be more dangerous on the roads than the deep cold of winter, says the Ontario Safety League. Ice becomes more treacherous as the temperature rises. On glare ice braking distance doubles with a temperature variation from zero to 32 degrees.

Mrs. S. McIntosh Hostess To R.V. Women's Institute

On Thursday, December 3rd Mrs. Sheldon McIntosh was hostess for the Christmas meeting of River Valley Women's Institute with nineteen members, two visitors and several children in attendance. Christmas decorations and a lighted tree gave a special glow to the meeting.

The President, Mrs. Roy Tucker, opened the meeting with the Institute Ode and prayer. The Secretary, Mrs. George Heasman, gave a full report to date. Correspondence was read and included a message re Achievement

Day on January 23rd, 1960, "Meat in the Menu." Several bills were ordered to be paid. A donation of ten dollars for the Building Fund was received.

A vote of thanks was tendered Mr. A. Bradshaw for his free labour at the kitchen.

Mrs. Vernon Harry reported on Summary Day when nine ladies were in attendance. They had a display of aprons, collars, etc. and a large coloured poster which showed what the group had accomplished.

Mrs. Percy MacMullen, Friendship Link Secretary, read a letter from Abbot's Leigh W.I. in England which told of their recent 21st birthday party. Their gift parcel to the River Valley members has been posted to Canada. For Public Relations she reported

that Mrs. L. G. Lynburner, of Port Colborne, is the new F.W.I.O. President. The Board of Directors have asked the CBC to ban social drinking on their broadcasts and have sent a resolution to prohibit the sale of beer in grocery stores to the Ontario government. Mrs. Lessee, of A.C.W.W., stresses the need for pen friends to keep up a regular correspondence.

The President gave a full report of the euchre parties and quiltings held in November and voiced thanks for all assistance.

Mrs. Roy Bush read two interesting articles from the Countrywoman, which said that Lebanon had a membership of about 1,000 and Greenland has 14 societies.

River Valley W.I. will celebrate their 50th anniversary in 1960 and Mrs. Roy Bush was appointed to bring suggestions to the January meeting.

The roll call featured "a gift for the kitchen." This revealed teaspoons, water glasses, bowls, pickle dishes, handy aids, towels, tray, cash, plastic pail, water pitcher and one group donated an electric clock.

Presentation

At this juncture Mrs. Roy Bush spoke appreciative words to the leaders of the Sewing Group, Mrs. Vernon Harry and Mrs. Allan McDonnell, and they were each the recipient of a gift, for which Mrs. Harry voiced

thanks.

Christmas Programme

The Christmas programme was prepared by Mrs. Harry Morrow and Mrs. John Kane. Each lady in attendance participated and read prepared items. Mrs. Morrow presided at the piano and during the presentation several carols were sung.

The first was entitled "The Christmas Story in Verse" and closed with "O Come All Ye Faithful."

Mrs. John Kane, dressed in a costume of long ago, read to her granddaughter Shelly Farrell. The selections were "A Christmas of long ago when I was a little girl," "To the years that used to be" and "An old-fashioned country church."

Mrs. Jack Bush read "An old fashioned sleigh ride."

Nineteen Christmas symbols telling of the origin of that particular custom was read by the group and included the Wisemen, Shepherds, legends, poinsettias, gifts, mistletoe and many others. All sang "Silent Night."

The lunch conveners served a Christmas menu and Mrs. Percy Utman voiced thanks for hospitality, programme and lunch.

PRICE TAG ON A JOB

A MAN working for himself provides his own tools and machines. For example, a farmer buys the tractor, cultivator and other equipment for his farm.

In industry, equipment is too expensive for one man to buy, and plants and machines are bought with the invested savings of shareholders. At The Steel Company of Canada, Limited, the average investment per employee in plant and equipment is \$21,700.

Besides paying shareholders for the use of their savings, profits replace worn out equipment and provide for factory expansion.

A company without a profit is a company without a future.

Meet Charlie, life of the party

Quite a guy, Charlie. Tall, handsome, everybody liked him—and Charlie was the life of the party whenever their crowd got together. Take Christmas. They were all there. It had been quite an evening. The party finally broke up around two-thirty. "See you all at our place tomorrow," called Charlie. But tomorrow never came for Charlie. He had made the mistake of having one more for the road. Oh, sure, he felt O.K. But he wasn't. Alcohol had dulled his reflexes and

changed his attitude toward driving. At any other time Charlie could have avoided the accident. But this time he didn't move fast enough. What Charlie didn't realize was that a few ounces of alcohol had slowed his reflexes, impaired his ability, changed his driving attitude. Your Ontario Department of Transport asks you not to take that chance. You can lose out so easily, just as Charlie did. If you intend drinking, don't drive. You'll have an easy conscience and more fun.

Death Claims Mrs. W. L. Fox

The death of a well known and
highly respected resident of this vil-
lage, Mrs. Wm. L. Fox, occurred at
her late residence, Wright St., on
Wednesday morning.

The late Mrs. Fox was the former
Martha (Mattie) Anderson and was
born at Heckston, in Grenville County.
She was in her 80th year and came to
Stirling some fifty years ago. She
was a faithful member of St. Paul's
United Church and so long as health
permitted was active in its various
women's organizations.

She leaves to mourn her husband,
one son, Colin Fox, at home, and a
brother, W. L. Anderson, Edward St.
Funeral arrangements had not been
completed at time of going to press.

Oddfellows Hold Successful Bazaar

A very successful bazaar and sale
of home cooking was sponsored by
members of Stirling Lodge No. 239,
I.O.O.F., on Saturday afternoon. There
was a good crowd in attendance and
the men did a splendid job of serving.

In a draw for the 13-piece 8 m.m.
movie outfit the winner was Ray
Sweet, of Roblin, with F. W. Houchin,
of Stirling, holding the lucky ticket on
the portable radio.

On New Year's Day the office will
be closed.

Schools Closed For Holiday

Stirling and district schools closed
for the Christmas vacation on Tues-
day and will reopen for the new term
on January 4th, 1960.

Stirling-Rawdon District High School Area Board Monthly Meeting

Miss Grace Pitman Engaged
as Music Supervisor—Fred
Page, Higgins, new auditors

The final meeting of the Stirling-
Rawdon District High School Board
for 1959 was held in the High School
Monday night. D. W. Rodgers occupied
the chair and was supported by James
Johnston, E. Colden, R. B. Murray, J.
B. Belshaw and Mrs. R. L. Hatton.

Chairman Rodgers reported that he
had contacted Mr. Watson, architect,
concerning plans for the new school,
and had been advised that he would
meet the Board in about two weeks.

A communication from E. Denyes,
County Clerk, informed the Board of
the reappointment of James Johnston
as the County Representative on the
Board for the year 1960.

Letters of thanks were tabled from
Misses Rosalyn Rodgers and B.
Dracup for Grade 9 awards received
from the Board at Commencement.

P. Heery, a member of the staff, ad-
vised the Board by letter that he had
qualified for the degree of Bachelor of
Education and asked for an increase
in salary in keeping with his qualifi-
cations. His request was granted and
he will receive an increase of \$200 in
salary commencing January 1st, 1960.

J. Irish, caretaker, reported on var-
ious repairs made on school property,
and asked that a propane torch and a
quantity of alkerm, an air purifier be
procured. His requests were granted
on motion of R. B. Murray and J. B.
Belshaw.

Principal J. L. Good reported that
the students had done reasonably well
in the Christmas exams and the re-
sults were an indication to many that
much work was required to keep up
in their studies.

Engaged as
Music Supervisor

R. B. Murray reported that Miss
Grace Pitman had been engaged as
Music Supervisor to fill the vacancy
caused by Mrs. Glendinning's resig-
nation.

Chairman Rodgers voiced his ap-
preciation for the co-operation by
members of the Board during the year
and after discussion of a number of
minor matters, the meeting adjourned.

The following accounts were passed
for payment:

K. Sine, oil, \$576.25; R. Marbury,

congratulatory addresses and ex-

The President, Morton Reid, presided and opened the meeting with the singing of "The Queen." Correspondence was read and the result — lively discussions. A letter was read regarding the Conference coming up in Guelph on December 28th where matters of interest to farmers are to be dealt with.

Community singing, led by Robert Cosbey, was enjoyed by all. A solo, accompanied by the guitar, was given by Murney Bateman.

Mrs. Arthur Reid gave a splendid paper on "Christmas." Jeanne Williams gave an outline of the yearly programme drawn up by the committees which met at her home on December 7th.

The next meeting on January 14th will take the form of a pot luck supper at 6.30 p.m. and non-members are especially invited. A film will be shown afterwards by the Bell Telephone Company.

The ladies served lunch and a social time was spent.

The Christmas meeting of Salem W.A. was held in the Church Hall with Mrs. Thomas Clements as hostess. The President, Mrs. Mel Wickens, opened the meeting by singing the theme song repeating the theme prayer and the W.A. motto. She welcomed all and read a short verse. Hymn 59 was sung.

The roll call was answered by exchanging a Christmas gift. Business was discussed. A report was given by the Visiting Committee, Treasurer, Card Secretary and Missionary Secretary.

A slate of officers for 1960 was brought in as follows:

Mrs. Geo. Sine thanked the hostess and all for the lovely programme. Lunch was served by the hostess and her assistants.

HAVELOCK MAN DIES IN CRASH IN OTTAWA

Francis J. O'Brien, 25, who boarded at the home of Mr. and Mrs. Joe Trudeau, Havelock, was killed instantly Saturday afternoon when his car overturned into a ditch in Ottawa.

Eggleton W.A. and W.M.S.

On Thursday afternoon Mrs. Bruce Stapley was hostess for the December meeting of Eggleton W.M.S. and W.A. with 13 adults and 2 children in attendance.

The W.A. President, Mrs. W. McMullen, presided over a Christmas programme prepared by Mrs. Maurice Clancy and opened the meeting by reading a Christmas poem. Several Carols were sung during the meeting with Miss Joyce Stapley as pianist.

A lovely worship service had been prepared by Mrs. Gordon Nelson and this was given by Mrs. Charles Stapley, who read the Christmas Message from the 2nd chapter of St. Matthew, verses 1 to 12. Mrs. McMullen gave the meditation on the Lesson, assisted by Mrs. Harlow. The offering was gathered and dedicated with prayer by Mrs. Bruce Stapley.

Dime bags and mite boxes were handed in at this meeting, adding a nice contribution to the W.M.S. treasury.

All enjoyed the lovely piano solo rendered by Mrs. B. Stapley. A Christmas reading was given by Mrs. Keith Johnson.

"On A Bridge," the second chapter from the study book, "Africa Disturbed," was presented by Mrs. Maurice Clancy, using a map and mounted pictures of Africa. The Africans are gradually changing from the old customs to the new Christian way of life.

Reports were given by the various Secretaries as follows:

Christian Stewardship Secretary Mrs. Charles Stapley reported that Dr. Florence Murray, of Korea, will be the Missionary for Prayer again in 1960 and that the allocation for 1960 will be \$157.00.

Mrs. Warren Harlow, W.A. Treasurer, gave an encouraging report on the amount raised during the year.

I.O.D.E. Supports World Refugee Year

The National President of the I.O.D.E., Mrs. A. K. Richardson, reported from its November National Executive Committee meeting, that the members had given their unanimous support to World Refugee Year and agreed that the most practical method was to increase its overseas programme of assistance to refugees.

Mrs. Richardson stated that the I.O.D.E. had spent more than a million and a quarter (\$1,249,798) on its refugee work from 1942 to 1959. Approximately half of this amount came from Ontario Chapters.

Since the beginning of 1959, Ontario Chapters have shipped four tons of new clothing to the British Save the Children Fund for distribution in Europe and Asia. New clothing, powdered milk and X-ray supplies have been shipped to Korea — in all to the value of \$20,178.

As this year has been designated World Refugee Year, Ontario Chapters are sponsoring orphaned refugee children. To date 70 have been sponsored. Ninety percent of these children are of school age.

The local Chapter of the I.O.D.E. this year gave \$25.00 each to Overseas Relief Fund and the Korean Fund. In addition a bale of new clothing, valued at \$335.00 has been sent this month to I.O.D.E. Headquarters for distribution. This included 6 complete layettes, 12 nursery bags (for sick children) 12 personal property bags (for adults in hospital), 5 large quilts and blankets, 4 crib and cot quilts, and 97 pieces of knitting and new clothing.

Thanks are expressed to those women of Stirling and district who, though non-members, pieced quilts and knit articles. All this helped a great deal, although members have spent considerable time at this work.

There is little harmony in the home where parents are continually harping.

Annual Meeting Rylstone United Church W.A.

On Thursday afternoon of last week the Woman's Association of Rylstone United Church held their annual meeting and election of officers for 1963 at the home of Mrs. Ellis Jones. There were ten ladies, Rev. H. E. Beare and three children in attendance.

The meeting opened with the W.A. theme song and the Lord's Prayer, followed by the carol "O Little Town of Bethlehem." Mrs. Ray Stewart, President, read the Scripture reading, Calossians 3:14 and 12:17 and the Scripture story. Roll call was answered by a Bible verse beginning with "Y."

The minutes of the November meeting were read by the Secretary, Mrs. W. Spencer.

Rev. H. E. Beare conducted the election of officers by ballot. Master Randy Spencer acted as messenger. The result of the election is as follows:

President, Mrs. Wilfred Spencer; 1st Vice-President, Mrs. Will Rutherford; Secretary, Mrs. Ray Stewart; Sunshine Committee, Mrs. Gordon Meiklejohn; Mrs. Bob Spencer and Mrs. Ellis Jones.

Filling the office of Treasurer was laid over to the January meeting which will be held at the home of Mrs. Thos. H. McKeown in Springbrook. Roll call for the January meeting will be "Paying of Fees." Programme committee will consist of Mrs. Fred McKeown and Mrs. Ellis Jones; Lunch committee, Hostess, Mrs. Will Rutherford, Mrs. W. Spencer and Mrs. R. Stewart.

The balance of the programme for December was as follows: Vocal and accordion solo, "Christmas," by Mrs. Bob Spencer; reading, "Christmas Comes Again," by Mrs. Will Rutherford; reading, "O Come, O Come Immanuel," by Mrs. Thos. H. McKeown. Rev. Beare closed the meeting with prayer.

Refreshments were served by the hostess and committee, Mrs. Bob Spencer and Mrs. Ray Stewart.

Pine Grove Women's Institute

The Christmas meeting of Pine Grove Women's Institute was held at the home of Mrs. Grace Bartindale with 13 members, 4 visitors and 7 children present.

The President, Mrs. Slater, opened the meeting by reading a Christmas thought which was followed with the Mary Stewart Collect in unison and the singing of a Christmas Carol.

Roll call was answered with the reading of a Christmas verse. During the business it was decided to make a \$5.00 donation to CARE, and also to have a social evening January 13th. The committee to look after same is Mrs. Harry Coulter, Mrs. Chas. Ross and Mrs. Ivan Clare.

Conveners of the Standing Committees reported. Current events were given by Mrs. Harry Coulter.

Mrs. Leslie Finkle presided over the Christmas programme which consisted of Christmas Carols and readings.

Readings were given by Mrs. Alex Tanner, "An Old Fashion Sleigh Ride;" Mrs. Harry Coulter, "Christmas Time Long Ago;" Mrs. Chas. Ross, "A Safe Christmas," which told the proper care of the Christmas tree; Mrs. Harold Detlor, "At Christmas Time;" Mrs. David Little, "A Christmas Journey;" and Mrs. Fred Campbell, "Thoughts by the Way."

Mrs. Leslie Finkle gave a paper on "A Few Thoughts On Christmas." In a world that at times seems to have gone awry, where old customs fade out in the glare of a new atomic age and nothing seems stable any more, it's good to have a standing appointment with Christmas that most wonderful of all celebrations. Changeless in date, in its tradition and in its inmost spirit, Christmas where we keep a date with love and worship, with gaiety and beauty and with Christ-masses past, rich with remembrance.

Our purse may be slender but there are always gifts within our means. Take time to sit and talk with one who is lonely and sad. Time to read the lovely message of Christmas to one whose eyes have grown dim. Time to make friends with the stranger within our gates. It doesn't take money to make a good Christmas, but it takes love. May the real spirit of Christmas fill our hearts.

Mrs. Finkle conducted a short quiz. After repeating the Lord's Prayer in unison, refreshments were served.

In a Prospective Home Buyers' survey, of 3,900 interviewed, 93 percent preferred wood kitchen cabinets (three quarters of these wanted natural finish) and 28 percent wanted hardwood floors.

Ninth Line School Christmas Concert

The pupils of Miss Janet Tompkins at the Ninth Line School, Rawdon Township, played to a packed house on Wednesday night. According to reports, it was one of the best concerts put on in years.

Following is the programme:
Chorus, "Winter Wonderland" and "Thanks For Christmas;" recitation, "A Christmas Greeting," by Glenn Meiklejohn; chairman's remarks, by Rev. H. E. Beare; play, "Let's Have A Quiet Christmas," by the seniors; solo, "I Saw Mommy Kissin' Santa Claus," by Lynne Spencer; recitation, "Christmas," by Aileen Meiklejohn; chorus, "Silver Bells" and Christmas Carols; "Busy Mother's Problems," Maureen Stewart, Lynne Spencer, Susanne Mumby and Margaret Meiklejohn; recitation, "Dolly's Letter to Santa," by Suzanne Spencer; play, "Twain't Me," by Carol Heath, Ted Reid, Michael Fyfe and Marilyn Stewart; song, "All I Want For Christmas Is My Two Front Teeth," by the juniors with Susanne Mumby singing the solo part; recitation, "Dad's Old Trousers," by Dennis Gray; pageant, "Joy to the World," "Long Long Ago" and "Silent Night;" recitation, "A Little Boy's Dream," by Alan Morton; recitation, "Mommy Won't You Buy Me A Baby Brother," by Maureen Stewart; play, "Home Management," Marilyn Stewart, Ted Reid, Michael Fyfe, Carol Heath, Dennis and Nancy Gray; thank you to audience and pupils, by Miss Janet Tompkins, the teacher.

Santa paid a visit and candy and gifts were distributed to all the children.

Prior to 1873 all butter made in Canada was churned on the farm. In that year a creamery operation was commenced in Athelstan, Huntingdon County, Quebec. It was a short-lived venture but was succeeded by a successful creamery at Helena in the same county.

Many of the greatest writers of ancient Rome were born in Spain. According to World Book Encyclopedia, Seneca, Martial and Quintilian came from Spain, once a flourishing province of the Roman Empire.

Times change, and we with time,
but not in ways of friendship.
Merry Christmas to you —
May the New Year bring you a
full measure of real prosperity.

Regulations Important When Building Milk House

"Don't make that new or remodelled milk house a rush job," warns O.A.C. Dairy Scientist Dave Arnott. "Get in touch with the Provincial

Dairy Branch Fieldman or the O.A.C. The regulations on milk houses are lengthy."

Arnott stresses: "Locate the bulk tank in the milk house. It can't be located in the barn or any milking parlour. And the floor area is defined by law, if you have a bulk tank. You must have at least 168 square feet of floor area. This would be about a 12 x 14 foot milk house. There must be at least 24 inches between the walls and tank."

"The walls and floors should be of a smooth surface and the walls extending 3 feet from the floor must be impervious to liquids. Slope the floor one-eighth of an inch per foot to the drain," says the Ontario Department of Agriculture Researcher.

It's also necessary that you have a pressure system for your cold water, and there must be a source of hot water or a system of heating water. Other instructions are listed in the Provincial Regulations, he adds.

HOOPER — In loving memory of our dear mother, Aughty Hoover, killed in a car accident December 27th, 1958.

She bade no one her last farewell,
She said goodbye to none.
The heavenly gates were opened,
A loving voice said, "Come."
We often sit and think of you,
The things you used to say;
We wonder why you had to die,
Without a chance to say goodbye;
Though out of sight, you are
Ever missed, loved, still ours,
You will live with us in memory
Until the end of time.

Girl Guides In
Quinte Area
Purchase Campsite

The Girl Guides, Brownies and Rangers of the Quinte Area are assured of a place to camp each year from now on as final arrangements have been made for the purchase of a site near Waupoos, in Prince Edward County.

The Girl Guide Movement in the Quinte Area has a population of approximately 4,000 which is steadily increasing. This necessitated a move to provide permanent training accommodation.

The property procured consists of 200 acres of land, about 53 acres of which is wooded and the rest good farm land. The Lake Ontario shoreline provides 1800 feet of clean waterfront, and there is plenty of room for varied activities. Brownies will be able to enjoy Pack Holiday week-ends in the old farmhouse which has ten rooms. The road leading to the site is open all year, and will permit maximum use of the facilities to be available eventually. Guiders will find it easier to attend trainings there, rather than to take the 200 mile trip to Doe Lake, the Provincial Campsite north of Huntsville.

On Sunday, December 6th, the first meeting of the Camp Committee was held in Picton after an inspection of the site by committee members and interested persons. Discussion was mainly on methods of financing the \$20,000.00 venture. Several business men are acting on the committee to give advice in financial matters.

The list of committee members and consultants is not yet complete, but attending on December 6th were the following: From Peterborough Division, Mr. and Mrs. H. Moxon and Mr. and Mrs. Sills. From Belleville Division, Mrs. E. Diamantides, Mrs. M. Heig, Mr. and Mrs. F. Benson, Mr. H. Murray and Mr. A. Drysdale. From Northumberland Division, Mr. and Mrs. J. Parker, Trenton, and Mr. and Mrs. F. Youker, Middleton Park. From Prince Edward Division, Mr. M.

OF MANY THINGS

(By Ambrose Hillis)

GETTING THINGS DONE

I love my family . . . I think! These days, however, it is a hard thing to do. You see, they caught me in a very embarrassing position and they haven't let up on the giggles yet. It happened this way.

This is my busiest time of year. At the present moment, I have six important writing jobs to get done, plus some lesser ones, and nearly all of them require research. On top of that, I am in the midst of arranging a debate with the Provincial Secretary of the CCF party in Alberta, who challenged me. Then, too, there is the business of getting Christmas card addresses straightened out, gifts bought, and all the rest of it. In short, I am snowed under.

For that reason, when I went home pooped the other night, I noticed a book on my book-shelf which I had often intended to read, but which now became a must, because it is called "How To Get Things Done," written by a psychologist and a lecturer in whom I have a lot of faith. And if there is anybody in Canada right now who needs to know how to get things done, it is I. So down came the book, and I sprawled on the chesterfield to read it.

In about half an hour, my wife called out that supper was ready . . . to come and get it. Everyone scrambled to the table but me. A search was started. And Kathy — bless her heavenly little heart — was the one to find me.

You have guessed it! I was sound asleep. Across my chest was the book. Kathy read the title, "How To Get Things Done." Of course, she brought all the family in. When I woke up, there they stood in a semicircle around me, giggling like hyenas.

Now, whenever there is a job to do they say, "Ask Dad. He knows how to get things done . . . he's slept on the problem!"

They are a very witty group, my dear little family! I hope Santa gives them just what they darn well deserve this Christmas.

THE FOOD BASKET

GELATINE-GLAZED HAM
FOR PROFESSIONAL TOUCH

When you serve a supper buffet-style it's always nice to have something eye-catching and a little bit different to attract the attention of your hungry guests. We think you'll agree that this gelatine-glazed ham, not too fussy to prepare and very easy to serve, will please all concerned.

You will need sliced ham, either ready-cooked or baked at home. The gelatine glaze is very similar to that prepared by professional chefs. They use it to dress up ham, poultry and other meats for the beautiful buffet displays which they prepare as proof

of their talent and culinary ability.

Buffet Petal Ham

For a small buffet to serve only a few people, invert a small platter (or shallow oval bowl) on a larger platter. Starting at one end of the small platter, place the larger slices of ham down the centre up over the small platter to the other end, allowing slices to overlap. On sides, invert smaller slices of ham between upper slice to give petal effect, making sure to cover small platter.

For a large buffet where more meat is needed, reserve the best slices for outer layer and place remaining slices in piles on large platter, arranging them to resemble the shape of a ham, narrow and low at one end, wider and high at the other. Then arrange the best slices on top as directed for "small buffet" ham. Cover with wax paper and chill in refrigerator for about one hour.

Transparent Glaze

(Double recipe for large ham)

- 1 package (tablespoon)
- unflavoured gelatine
- 3 cup cold water
- 1 cup boiling water
- 1 tablespoon lemon juice
- 1-8 teaspoon salt

Soak gelatine and cold water in a small saucepan for 5 minutes. Add boiling water, lemon juice and salt and stir until gelatine is dissolved. Set pan in cold water, stirring occasionally, until mixture becomes syrupy. Carefully pour over chilled ham to form a thin glaze on entire surface. Remove any excess glaze from platter. Garnish and serve. (Or keep in refrigerator until time to set up buffet table.)

Mt. Pleasant W.A. Christmas Party

There was a large attendance on Tuesday evening when Mount Pleasant Rawdon W.A. sponsored their Christmas Party in the Church Hall. Mrs. Carleton Potts presided and extended a welcome to everyone. The various officers presented their reports for the year and they were accepted.

Rev. W. G. Fletcher installed the 1960 officers as follows:

Past President, Mrs. Donald Johnson; President, Mrs. Carleton Potts; 1st Vice-President, Mrs. Raymond McConnell; 2nd Vice-President, Mrs. Robert Hoard; Recording Secretary, Mrs. William McAdam; Corresponding Secretary, Mrs. Grant Hubbie; Treasurer, Mrs. Kenneth Weaver; Pianist, Mrs. Burton Sharpe; Assistant, Mrs. Garth Joslin; Literature Secretary, Mrs. Robert Merrick; Auditor, Mrs. Milford Wrightman; Flower Committee, Mrs. Herbert Smith and Mrs. Oscar Merrick; Programme Committee, Mrs. Ross Jeffs, Mrs. Ernest Spencer and Mrs. Douglas Campbell.

The devotional was in charge of Mrs. Don Knight and several Christmas hymns were sung. The Christmas Story was read by Mrs. Ross Jeffs and the meditation by Mrs. H. Smith, followed by prayer. Mrs. W. G. Fletcher contributed a vocal selection. The offering was gathered by Mrs. Garth Joslin and dedicated by Mrs. V. Jeffs.

Mrs. Douglas Campbell read "A Christmas Story." Mrs. Burton Sharpe and Mrs. Mac Sharp gave a vocal duet. Mrs. Ernest Spencer contributed a reading and Mrs. Kenneth Weaver a piano solo. Mrs. Marguerite McMullen led the sing song of Carols.

Mrs. Ross Jeffs and Mrs. Frank Spencer were in charge of the exchange of Christmas gifts. This was a novel procedure as each individual brought a gift for their unknown friend.

Mrs. Douglas Campbell conducted a contest and the committee in charge served a Christmas lunch.

Steel Company Starts Construction New Addition

The Steel Company of Canada, Limited announced this week that it has begun construction of a \$650,000 addition to its Parkdale Works in Hamilton.

The new extension will provide 65,000 square feet of additional floor space to the Stelco plant. This represents an increase of approximately 20 percent in its working area. Scheduled for completion by the middle of 1960 the addition will provide for additional warehousing, wire drawing, and shipping facilities.

Brought into operation in April, 1956, Parkdale Works was the first completely new plant ever to be designed and built from the ground up by Stelco. It is rated as one of the most modern wire and nail mills in existence anywhere.

The plant, along with Canada Works in Hamilton, Notre Dame Works in Montreal and Dominion Works in Lachine, Quebec, forms Stelco's wire, wire products and screw division.

SEVEN NEW YEARS ON RADIO!

Midnight on December 31st is the time to welcome the New Year, as everyone knows. But on CBC radio there will be seven different celebrations that evening — all taking place at midnight — at various times. Dancer Gloria Bonnell is confused by all this, but it's really simple. The Trans-Canada network will broadcast local festivities from Saint John's, Newfoundland, work its way West through different cities and end at Whitehorse, N.W.T. As midnight strikes across the country, the broadcast will pick up the celebrations in all time zones. The show will run five and a half hours. (Consult local listings for starting times in local areas.)

THE BIBLE TODAY

(By Rev. C. R. Rudd)

When the film "The Ten Commandments," was showing in Buenos Aires, Argentina, students of the Baptist International Theological Seminary sold Scriptures outside the cinema to those who were going to see the film.

The project, which gained the respect and admiration of the theatre owners, who granted the students extraordinary facilities, proved to be a great success.

Bibles in various languages were sold to several soldiers, and a Spaniard — a Jew — bought a Hebrew Bible as well as one in Spanish; lawyers, engineers, professors, doctors and people from every walk of life stopped to talk and many bought Bibles.

Not only did the students have the opportunity of sharing their convictions with those who stopped to talk but the profits from their sales helped them to continue their theological studies for they sold hundreds of Bibles.

The Good Driver

"There ought to be a law . . ." is the
usual starting point of the host of well-
meaning people who believe they
know how to cut down traffic acci-
dents. Many specialists in accident
prevention, however, would like to see
fewer laws on the statute book — but
more obedience to the existing writ-
ten, and unwritten laws.

Legislation and enforcement are
essential factors in the regulation of
driving behaviour. But there is a

Limit to what the law can impose on
an unresponsive public. If enough
people dislike a law it becomes unen-
forceable and held in contempt, and
therefore worse than no law, says the
Ontario Safety League.

Lord Moulton, a prominent British
judge, once said that in any society
there are three areas in which indi-
vidual action takes place:

"First comes the domain of posi-
tive law, where our actions are pre-
scribed by laws which must be obeyed.
Next comes the domain of free
choice, which includes all those
actions as to which we claim and en-
joy complete freedom.

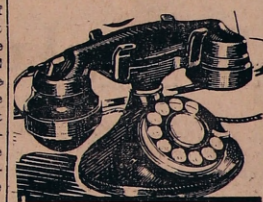

"In between these two there is a
third large and important domain
where there is no law which inexor-
ably determines our course of
action, and yet we feel we are not
free to choose as we would. It is the
domain of OBEDIENCE TO THE
UNENFORCEABLE. To my mind the
real greatness of a nation, its true
civilization, is measured by the extent
of this land of Obedience To The Un-
enforceable . . . Instead of the iron rule
of law being thrown over this inter-
mediate country, I would rather see
it well policed by the inhabitants."

Lord Moulton's remarks, covering
the whole range of human conduct,
have a pinpoint application to the
problems of driving behaviour. The
positive laws that already exist are
more than adequate to allow us all to

move on the highways in comfort and
safety. To reduce the tragedies so-
ciety enforces upon itself on the
roads, we do not need a host of new
laws. We need more obedience to the
laws we have, and above all more
Obedience To The Unenforceable —
the unwritten laws of fairness, cour-
tesy, sportsmanship, responsibility,
and appreciation of the rights (and
possible handicaps) of others.
